Children's Coughs Quickly Relieved.

It is hard for to keep the children from taking cold; they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet, kick off the clothes at night; the mother cannot watch them all the time, so what is she going to do?

Mothers should never neglect the children's coughs or colds, but on the first sign should procure a bottle of

DR. WOOD'S NORWAY PINE SYRUP

It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps consumption getting a foothold on their systems.

Mrs. E. Smith, 288 Victoria Avenue, North Hamilton, Ont., writes: "I have three children who have had very bad colds, due to change of climate. I have tried different remedies, but I seem to get the best results from Dr. Wood's Norway Pine Syrup. I have no difficulty in giving it to them as they like it. I always have at least one bottle in the house."

Price, 35c and 60c a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

shot of this is that Rosamond tells Ned to think it all over for thirty days and then see if he wants her. Meanwhile Brabazon and Watkins call on Rosamond and put forth their utmost efforts to prevent her from marrying the man of her heart.

At the end of thirty days Ned goes back to New York still loving Rosamond, and after his departure Watkins discloses to Brabazon the fact that his (Brabazon's) wife had a baby girl shortly after she had deserted her husband twenty years before. Brabazon is frantic as a result of this revelation and he hurries after Ned.

Rosamond awaits the expiration of the time limit she had set in her apartment. Ned arrives in the nick of time and the couple plight their troth again. Immediately afterwards Brabazon rushes in and, after harshly accusing Rosamond, he is set right when the girl discloses the true name of her mother.

MATINEE ATTENDANCE WAS DISAPPOINTING

St. Patrick's Concert Artists Repeated Repertoire Saturday Afternoon.

The attendance at the St. Patrick's concert matinee of the Knights of Columbus was rather disappointing, there being not over 200 present. The program was opened with solos by Mrs. L. O. Larson; Barry Shannon gave his splendid yodling numbers and the same other artists as in Friday evening's concert took part. Mrs. L. B. Warner, Miss Nora Shannon, S. K. Campbell, J. J. Raleigh and Ernie Butler, following the matinee Miss Shannon, Mr. Shannon and Mr. Butler returned to Vancouver on the Princess Beatrice.

TWO THOUSAND BOOKS NOW IN LIBRARY AND ONLY BYLAW NEEDED

The number of books collected now has reached and slightly exceeded the two thousand mark, according to the report of G. V. Wilkinson today. This forms a splendid nucleus for the public library and all that is needed now is an affirmative vote on the library bylaw to enable arrangements to be made for handling the books and letting the people have the benefit of them and of the other thousand promised by the provincial government as a loan.

The intelligent, shrewd attention which is given to selling should include advertising.

maintenance department, secured the rescue of a cat from the top of a telephone pole. Pussy had gone up the pole against her will to escape from a dog that had chased her. Being up there all night with the snow falling and the wind blowing, she did not seem to know enough to come down, even after the unruly dog had departed. There she sat and there she was seen by neighbors, who commiserated with her in her plight. The aid of Chief Vickers was asked and within a few minutes the chief had secured a linesman, who carried the feline pet to safety.

It is now discovered that Chief Vickers is the representative of the Royal Humane Society in this city and the cat rescue was right in line with the work of that organization.

The Man in the Moon SAYS:

SOME people kick up a dust in the social world but refuse to do it in their homes.

NEVER throw dust in people's eyes. It sometimes comes back and blinds you.

'TIS better to have earned and spent than never to have earned at all.

A GOOD man gets all he earns but an inefficient man is seldom satisfied with his pay.

THE man who marries a spinster has a chance of becoming skipper on the sea of matrimony, but the man who marries a widow becomes only the second mate.

THE way to bring down the cost of living is to spend less.

THE way to increase the income is to earn more.

THE way to make a man of yourself is to be one.

WOMEN are all right but often quite unnecessary.

OH woman in your hours of ease I know you do just as you please. For doing this no one can blame So I intend to do the same.

MUCH HAS BEEN SAID

About the sanitary condition of the power laundry outfit. It may be of interest to pole that Dr. Ira S. Wile writing in the Medical News, New York, concludes a discussion of laundry hygiene by saying that in the power laundry process "exposure to heat and the usual washing reagents along with mechanical agitation, destroys the hardest bacteria" and that "Laundering appears to be an efficient hygienic method of promoting cleanliness without danger to patrons or employees. This cannot be said of the hand laundry."

The old bugbear of contamination has been exploded. Expert investigation has failed to find and disease producing germs (pathogens) where clothing has been exposed to a temperature of 180 degrees fahr, or where they have been washed at a temperature as low as 104 degrees fahr, using soap liberally.

These precautions are all observed in our process. You can safely trust us with your washing problems. We will return your clothing CLEAN, SANITARY and UNDAMAGED by injurious chemicals.
