SALT LAKES ARE DANGEROUS FOR SMALL CHILDREN

Mrs. Roberson Appears Before City Council Asking That Something Be Done.

Mrs. H. L. Roberson appeared at last night's council meeting with the request that some steps be taken by the city council for the protection of the lives of small children at the Salt Lakes. Mrs. Roberson pointed out that it was, decidedly dangerous for children at the Lakes now and there had been at least two near-drowning accidents recently. It appeared that very young children were being allowed to go there without any supervision whatever. Conditions being such as they were, if fatal accidents were to be prevented, it would be necessary to have some one on guard with a boat.

Mayor Rochester stated that the Salt Lakes were really out of the city's jurisdiction but he would take the matter up with the society concerned and the provincial government. Accordingly a resolution to this effect, moved by Ald. Montgomery and seconded by Ald. Collart was passed.

It was the opinion of several of the members of the council that the parents were primarily responsible if they allowed their

VANCOUVER ELKS TO HAVE A FLAG DAY

Young People of That City Will Be Entertained on August 2

Says the Vancouver World: — August 2 will be a great day for the Vancouver children if the grown people will give their full support to the Elks, who are arranging for this third annual celebration. Patriotism, sports, entertainment and refreshments together will give the boys and girls a pleasant and wholesome association. There will be plenty of flags and a general distribution of a booklet explaining the features of the flag and their significance. It is expected that 30,000 young people will take part in this celebration, participate in the sports and share in the refreshments. There is no doubt that the boys and girls will enter into the spirit of the affair. But there is equal need that the grown people should encourage and assist it by their presence and by appropriate displays.

Prince Rupert will take similar action on August 9 when all the local young people will be guests of the local lodge for the afternoon.

PEOPLE OF INDIA REALIZE GANDHI IS NOT DIVINE BEING

FREMANTLE, Australia, Aug. 1.—Home people rule for India, with Dominion status, is the objective of the Indian people, according to Mrs. Annie Besant, the well-known Theosophist leader, who arrived here recently.

In the course of an interview Mrs. Besant said everything would be well in India, she thought, if Britain only would grant the country home rule. The people, since Gandhi's imprisonment, were beginning to appreciate that he was not the divine being, able to work miracles, which they had believed him to be. She anticipated that agitation along constitutional lines would replace revolutionary tactics and would bring peace to India within a reasonable time.

BOY SCOUTS LEAVE TOMORROW FOR CAMP AT PORCHER ISLAND

Tomorrow the first troop of Boy Scouts, accompanied by a few of the wolf cubs and numbering about 25 in all, will leave for Porcher Island where they will camp for ten days. They will be in charge of Scoutmaster J. W. Teng and will be taken across by Dr. Kergin and George Bryant in their respective launches.

Ten days later the same boat that fetches these boys will take over the St. Andrews troop, numbering about 20. They will remain from August 13 to 24.

The boys will occupy the same camp that the girl guides used. The tents were borrowed from the militia department for that purpose.

SMITHERS FAIR LIST BEING DISTRIBUTED

Prize lists for the Bulkley Valley Fall Fair have been sent out by the secretary, L. B. Warner accompanied by entry forms. The list of prizes is a large one and while the prizes are not large the list is comprehensive and should attract a good list of entries. The fair opens on September 20 and continues three days.

FOUGHT WITH EAGLE

Indian at Kamloops When Taking Eagles Was Attacked by Parent Bird.

Alex Bob, Indian, recently sealed Mount St. Paul near Kamloops and, armed with a cudgel, climbed to the top of one of the highest trees and came down with four eaglets, of about two months old, in his hat. Alex did not get these trophies without a struggle for besides the hostile nestlings, the mother bird made a desperate attempt to put his eyes out. Twice she charged within an inch of his face and only by beating savagely in return with his stick was he able to secure the young. It was an anxious time for the hunter until he arrived on terra firma. Shrieking near him, darting close, was the huge mother of the brood; his hands were torn with the talons of the young birds and it was a huge relief to him when he found himself at the foot of the tree.

Those who blissfully play with fire often get blistered.
