You won't cough

After Taking Dr. Wood's Norway Pine Syrup

On the first appearance of a cough or cold do not neglect it; get rid of it at once before it has a chance to grow worse and gets settled on the lungs, causing bronchitis, pneumonia, or other serious lung troubles.

In Dr. Wood's Norway Pine Syrup you will find a remedy that will relieve the cough or cold on its first inception by soothing the irritation, and healing the diseased lining of the lungs and bronchial tubes.

Mrs. Percy McHae, Little Shemogue, N. B., writes: "Three years ago I had the 'flu' which left me with a very bad cough. I tried different medicines which did me no good, so I took Dr. Wood's Norway Pine Syrup. It relieved me of that awful cough in a short time."

"Dr. Wood's" is 35c and 60c a bottle at all dealers; put up in a yellow wrapper; three pine trees the trade mark; manufactured only by The T. McBurn Co., Limited, Toronto, Ont.

PERFORM OPERATIONS INSIDE GLASS WALL

Paris Surgeon Adopts New Plan For Demonstrating to Clinical Students

PARIS, Nov. 27.—By a new idea in operating rooms just perfected by Dr. Victor Pauchet, no longer will operations be conducted in a stifling atmosphere while a score of clinical students crowd around the table listening to the explanation of the bent surgeons.

Dr. Pauchet has decided henceforth to separate himself from all students by a glass partition covering the entire operating space. The observers will be permitted merely to look down through the glass from elevated rows of benches. Opera glasses will be placed at their disposal for following delicate incisions while a small wireless telephone connected with an amplifier behind the observers will be used in describing the various stages of the operation.

By the use of a constant antiseptic spray before and during the operation Dr. Pauchet believes a greater degree of surgical success will be possible, as it is quite conceivable that under the old system dangerous bacteria frequently were exhaled into wounds by the unintentionally careless watcher.

REGULAR RADIOS

"Loud speakers are not confined to radio amplifiers," muses "Aesop's Film Fables."

"No," adds Don Allen in the New York Evening World, "most of 'em sit behind us at the movies and broadcast the subtitles."

ON OTHER SIDE

"Is Mrs. Gossip friend of yours?"

"No, she's a friend of my wife."

"Isn't that the same thing?"

"Not at all. She feels very sorry for my wife."—Jack Canuck

Speeds—I notice that you never hesitate to lend an umbrella.

Peppo—Yes, it's worth the loss of the umbrella to get rid of a false friend.—"Topics of the Day" Films.
