COMPLETELY FREE OF CONSTIPATION

Tried for Years to Find Relief

"FRUIT-A-TIVES" GAVE IT

Chronic Constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that Constipation cannot be permanently corrected. This is a great mistake, because here is the proof that constipation can be cured and the bowels made to act regularly and naturally.

YARMOUTH, N.S.

"For years, I was troubled with Constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work."

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

The relief in my case has been lasting, as up to date, I have never had any further trouble. I can recommend "Fruit-a-tives" to all suffering as I did and I am sure they will derive equal benefit."

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c., or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

CO-OPERATION WITH TERRACE

Rev. Dr. Grant Urges Better Understanding Between the Producers and Sellers

That there might be closer co-operation between Terrace and Prince Rupert was the burden of a short address by Dr. H. R. Grant to the Rotary Club yesterday. The doctor said that he had been rusticiating in the finest valley in British Columbia. In spite of the adverse conditions this year, the outlook was not very bad at Terrace. He wondered if it might not be possible instead of paying the small ranchers to work on the roads just at the time when they should be improving their places to make advances to them on the work they did in improving their homesteads as had been done at Merrville, the same to be paid back over a long term of years.

Dr. Grant mentioned the need of instruction for the settlers in the valley. There was more need of an experimental farm in a horticultural district than in a farming community. If the board of trade would recommend the establishment of an experimental plot at Terrace it might have some weight.

Marketing Produce

Dr. Grant also dealt with the question of marketing. The people at Terrace were mostly new to the country. They had little experience in packing or marketing their produce. Owing to the poor packing and grading the sentiment was growing that the product was not good. Everyone knew that the further north any product was grown the better flavored it was. The people of Prince Rupert, he thought, ought to foster the horticultural industry of the interior and support the ranchers in their efforts to supply the market.

Dr. Grant advocated the meeting together of the growers and the sellers with a view to fixing prices so that the growers would be assured a reasonable return on their outlay. The growers had no leadership. There were plenty of things they could grow for this market if they only knew about it. They must organize and see that their product was properly packed and graded because they were now finding themselves in competition with the rest of the province. He hoped that his effort would get the people of Prince Rupert and Terrace together for their mutual advantage.

MRS. JOE RATCHFORD WAS GIVEN SHOWER BY THE PYTHIAN SISTERS

A delightful affair took place last night in connection with the Pythian Sisters' lodge meeting when Mrs. Joseph Ratchford, who was recently married, was the guest of honor at a miscellaneous shower followed by a reception in the Knights of Pythias Castle Hall. A clothes basket was brought into the room filled with household wares, cut glass dishes, crochet work and other gifts. Refreshments were then served and a general delightful social time spent. There was a full attendance of Pythian Sisters.

Miss Loudon, of Nanaimo, and Miss Agnes Donaldson, of Port Essington, have been appointed to the local school teaching staff filling the two remaining vacancies.
