WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?

It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches disease in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."

For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

TWO MONTHS IN SUNNY SOUTH

Mr. and Mrs. A. E. Bazzett-Jones Saw Former Rupert People—Los Angeles Great City.

A. E. Bazzett-Jones, maintenance engineer at the Canadian National Shipyard here, who returned with Mrs. Bazzett-Jones on Wednesday from a two months' holiday trip to California, tells of having met several former Prince Rupert people who are now thriving in business in the sunny southern state.

Harvey E. Peck, who formerly conducted the Family Shoe Store, is doing well in Los Angeles where he runs the Cordova Hotel, a first class 120 room establishment which caters to the best custom. It was at this hotel that Mr. and Mrs. Bazzett-Jones stayed while they were in the California metropolis. Besides the hotel Mr. Peck owns two large apartment blocks and is a principal shareholder in a producing oil well. Mrs. Peck is also in Los Angeles. She took up moving picture acting for a short time as a recreation.

Mr. and Mrs. C. E. Bainter are established at Long Beach, where Mr. Bainter is again in the insurance and real estate business. Although he is doing will in the south he still considers that Prince Rupert was one of the best places he was ever in. He sent his regards to his many friends here.

Barber Doing Well.

J. J. Alexander, former proprietor of the Empire Baths here, is located at Anaheim, a town about 40 miles from Los Angeles. Mr. Alexander is running a general store at Yerbalinda, nine miles from Anaheim. He is doing well and has made some good investments since he went to California.

Mr. Bazzett-Jones also visited at Long Beach Mr. Custer, father of Miss Custer, who was formerly in the millinery business in this city. Mr. Custer is said to be a very wealthy man and is interested in the oil business.

Among others whom Mr. Bazzett-Jones met were W. A. Williams, formerly superintendent of the Anyox smelter, who is in the machinery commission business at Los Angeles; J. L. Mullen, formerly of the Prince Rupert Dry Dock and Engineering Co., and Joe Roerig, formerly accountant in Frizzell's market. Mr. Mullen was in Los Angeles from Pittsburg "looking around" on private business.

Much Driving.

Mr. and Mrs. Bazzett-Jones were away exactly two months and in the course of their trip visited Los Angeles, San Diego, San Francisco, Portland and Seattle. The most of the time was spent driving through various parts of California state and they were also at Riverside and Pasadena.

They went south from Seattle by the Southern Pacific Railway on account of the bad weather that was prevailing on the coast which made boat travel not the most comfortable. From Benicia to Port Acosta on San Francisco Bay they crossed on the biggest railway ferry in the world which had aboard at the time 29 passenger coaches and five locomotives. Arriving at Ooakland they crossed again on another ferry into San Francisco.

Roads Are Fine.

"The roads of California are wonderful," said Mr. Bazzett-Jones. "Not only are the main roads splendid but also the side roads which branch here and there in all directions through the country where oranges may be seen growing in all stages of ripeness with blossoms and fruit on the same trees. There was a lot of fine sunshine but we were also there during the rainy season and there were a number of floods."

Mr. Bazzett-Jones says that the grape growers of California have been making three times as much money since prohibition came into effect as they did before. During the war and since prohibition many of the vineyards were torn up by the owners who believed that the business was done. This was one region why the price of raisins went so high. However, the most of the growers are planting again.. He saw one orchard of 3,000 acres planted entirely in grapes. The California grape does not grow on a high vine, as is generally believed, but instead on a short bush.

Fast Auto Trip.

Mr. and Mrs. Bazzett-Jones made a flying trip from Los Angeles to San Diego. The distance of 175 miles was made in five hours, an average of 35 miles an hour including stops at all railway crossings and for refreshment. Some times they travelled at as high a speed as 50 miles an hour which testifies as to the excellence of the roads.

"Los Angeles is enjoying a real building boom," said Mr. Bazzett-Jones. "Building is going on there in every direction and includes first class houses, apartment blocks, factories and other industrial plants.

"It is the only non-union city in the United States and there never was a union there until just a few months ago when an overall factory, which was compelled to employ union men, came in. There was strong objection generally in the city to the establishing of the union.

"Traffic is more congested in Los Angeles than in New York, according to statistics every seventh person in the city owns a car, this being based on the entire population including women and children. So great is the congestion down town that many people never bring their cars into the centre of the city at all but leave them blocks away in the residential section and walk the rest of the way.

"The streets are strangely arranged and one is apt to lose his bearing especially in the residential section."

Saw Movie Stars.

Mr. and Mrs. Bazzett-Jones saw a great many movie-stars on the streets of Los Angeles. They dress extravagantly and, in fact, overdress; Furs are all the fashion although they are really not needed at all.

On New Year's night there was a big banquet in the Ambassador Hotel for which there were 3000 reservations at ten dollars a cover. All the movie stars were there and it was a scene of extravagance with dancing in three different parts of the hotel. In spite of the fact that the country was supposed to be dry nearly everyone had a flask in his pocket. The city is full of bootleggers who sell an inferior quality of liquor.

Though Mr. and Mrs. Bazzett-Jones have travelled over most of Canada and United States and have been to Peru in South America this was their first visit to California. They had a great time and the trip was beneficial but they are glad to be back in Prince Rupert again.

Night Coughs

Terribly wearing on the system is the cough that comes at night and prevents sleep.

The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal.

You will find in

DR. WOOD'S NORWAY PINE SYRUP

a remedy without an equal, for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against pulmonary disease.

Mrs. John McKerney, Lower Montague, P. E. I., writes:—"About three years ago I caught a very bad cold accompanied by a sore throat and hoarseness, and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your remedy to others."

Price, 35c and 60c a bottle at all dealers. Put up only by The T. Milburn Co., Limited. Toronto, Ont.

ALD. PERRY EARLY ON JOB; NOTICE OF MOTIONS TO COUNCIL

Asks Adoption Double Platoon System, Reduction Light Rate, Connection Septic Tank.

Ald. Perry at last night's council meeting gave notice of the following motions which he will present at the meeting on Monday, January 30:

(1) That the city council adopt the double platoon system by the addition of another fireman in the fire department and that provision be made for the change in the 1922 estimates.

(2) That leave be granted for the introduction of a bylaw for the reduction of light and power rates as recommended by the superintendent of utilities and left in abeyance by the council last year.

(3) That the city engineer be instructed to prepare estimates of the cost of connecting that portion of Section 6 west of Green Street on Fourth, Fifth and Sixth Avenues with the Booth Memorial School septic tank, the cost of the work to be carried out under local improvement.

LOOKING FOR DANCE THAT IS LESS WICKED

NEW YORK, Jan. 20.—(By Canadian Press).—Word has been received from Paris that the dancings masters of the French capital are busy trying to evolve a new step that will meet with the approval of Mgr. Dubois and other prelates who have anathemized the wickedness of the dances now popular among the young French people. A rather solemn affair, which has been called the "balancello" is being given a trial.

APPILCATIONS FOR GRAZING PERMITS UNDER GRAZING ACT 1919.

Applications for permits to graze livestock on the Crown range within each Grazing District of the Province of British Columbia during the grazing season of 1922 must be filed with the District Foresters at Williams Lake, Cranbrook, Prince George, Kamloops, Nelson, Prince Rupert, Vancouver, Vernon, or with the Commissioner of Grazing, Department of Lands, at Victoria, B.
