MASONIC HONOR TO BE CONFERRED ON PRINCE OF WALES

After Rest Following Travels, October Promises to be Busy Time for Future King

Late October promises to be a busy time for the Prince of Wales. Then, at the Albert Hall, he will be invested as Senior Grand Warden by the Grand Master (the Duke of Connaught) in the presence of the United Grand Masonic Lodge of England. Then, too, he will receive the congratulations of the Court of Common Council on his return from India and the Far East. The Lord Mayor and Corporation have been asked to postpone their invitation to the Guildhall until after the long vacation. They have been reminded that the Prince's latest tour was the longest and, on account of climatic conditions, the most trying of those he has undertaken, and that His Royal Highness is in need of a complete rest from public engagements. The engagements he is able to accept are private and semi-public, such as acting as best man to Lord Louis Mountbatten and dining with the members of the Government at 10 Downing Street.

ALICE ARM

J. Peacock, formerly shift boss at the Hidden Creek mine, Anyox, has arrived to take charge of operations at the Esperanza Mine for the new Anyox syndicate which has purchased it.

A strike of high grade ruby silver and silver sulphide ore was made on the Alice Group last week by George Matheson while doing assessment work. The claim, which is owned by Anyox people, adjoins the Esperanza.

The Alice Arm Citizens' Association has written to the Minister of Lands asking if something cannot be done in regard to the large amount of timber in the district that is being killed annually by the smoke from the Granby smelter.

R. F. Sullivan, Nick Sutlovich and Walter McDonald left last week for Stewart.

The Alice Arm Freighting Co. shipped about 11,000 feet of lumber to Anyox last week. It will be used for mining stulls and bridge work.

The annual picnic of the Alice Arm Anglican Sunday School was held last week at Campers Point. Mrs. T. W. Falconer and Rev. W. F. Rushbrook were in charge and the trip was made on the mission boat, Northern Cross.

Fred Miller, who is running a logging camp at Way Point, sent 100,000 feet of logs to the Georgetown mill last week.

Many Anyox campers are spending holidays in Alice Arm and Silver City. Among them are Mrs.

CANADIAN INQUIRY FOR BRITISH COAL

Is Mainly For Factories and Railways

LONDON, Aug. 9. — Reports from Newcastle have been received to the effect that there are many Canadian enquiries there for coal for factories and railways. The demand from the continent for coal continues, despite the increase in prices and no reduction likely. A return to the three shift working system at the docks, which ruled before the war, is being advocated as a remedy for the present congestion.

Home prices of coal, it is thought, are not likely to increase. The kind of coal used for household purposes here is not in demand overseas.

WANT HARVESTERS TO RETURN TO HOMES

WINNIPEG, Aug. 9. — The suggestion is made in the annual report of the Winnipeg Emergency Unemployment Relief Committee, issued today, that harvesters brought into Western Canada should be guaranteed return transportation to their places of origin to avoid the possibility that during the winter they may, as unemployed persons, add to the problems of western cities. It is suggested that a conference be held at once to consider the matter.

ELKS' DANCE ANYOX POSTPONED ACCOUNT DEATH OF MEMBER

ANYOX, Aug. 8. — The Elks' Dance, which was to have been held last Friday as a part of the Flag Day celebration, was postponed until Friday of this week on account of the death of one of the Anyox Elks, John McGill, who died in the Anyox Hospital after five months' illness resulting from a broken leg he sustained while working as brakeman on the railroad.

GIRLS WERE TOO PRETTY FOR JOB

DETROIT, Mich., Aug. 9. — Six Detroit girls lost easy jobs because they were too pretty. They were ones who filled extra positions under the comptroller's department, receiving tax collections in the first floor corridor of the city hall.

"Too attractive, and too efficient as chin-workers," Chester M. Puffer, assistant comptroller, commented briefly, in discussing their removal. The business of paying taxes had been pleasant for Detroit property owners since the heavy of young women were installed. They were always ready to talk—too ready, the city officials say—and now their places will be filled by young men less gifted with verbosity.

FULL OF BEER BUT AT BOTTOM OF RIVER

WINDSOR, Ont., Aug. 9. — A 40-foot launch, loaded to the gunwale with bottled beer, is lying at the bottom of the river off Ford today, as a result of a fire which destroyed it, and seriously burned the owner, Norman Johnson.

The police report that Johnson and another man were loading the boat with beer from a Canadian export firm. They had put the last 150 cases aboard when a lantern they were using overturned and exploded.

Johnson tried to smother the blaze with his hands, and his clothing caught fire. He jumped into the river and saved himself, although his arms and face were badly burned. He was given first aid attention on the dock, but disappeared afterward and no trace of him could be found in hospitals here. The blaze spread through the launch, which sank after being towed away from the Montreal dock out into the river. She was valued at \$5,000.

PADEREWSKI WILL RETURN TO HIS ART

PARIS, Aug. 9. — Ignace J. Paderewski has decided definitely that his country is unwilling to accept his political services further, it was learned today. The celebrated pianist has arranged, therefore, to return to the United States and Canada in November to fill several concert engagements. Paderewski has done no professional work for five years. During this time he has been completely absorbed in patriotic efforts. He leaves tomorrow for his chalet at Morjes on Lake Geneva, Switzerland. Paderewski told his friends that the majority of his countrymen apparently did not think that he could serve Poland. He was therefore returning to his art.
