The Great War Veterans' band marched to the General Hospital yesterday afternoon and played for an hour or so in the institution much to the delight of the patients and staff who were unable to get out for New Year cheer. The courtesy and thoughtfulness of the band was deeply appreciated by all at the hospital.

COUGHS

Coughs are Nature's danger signal—Nature's way of telling you that in throat or breathing tubes there is something wrong—something needing attention. Perhaps the delicate membranes have been chilled and are inflamed and sore. Disease germs may have lodged there and may be setting up irritation, which if not checked will bring on acute bronchitis, asthma, or even worse evils! So never ignore a cough.

Peps kill coughs because they remove the causes. As soon as a Pep is dissolved in the mouth, powerful, but pleasant, medicinal vapors are liberated. These healing fumes bathe the lining membranes of the throat and breathing tubes, kill disease germs, allay irritation and soothe the inflamed parts.

Peps enable you to end coughs and colds in Nature's way, by breathing in the medicine the same way as the disease germs causing the trouble were breathed in! Isn't this wiser treatment than the swallowing of mixtures into your stomach—which is not ailing?

For coughs, colds, bronchitis, asthma, sore throat, night cough and all troubles of throat and chest, try Peps. Best for children because pleasant to take and free from opiates, etc. All dealers, 50c. a box.
