

Eczema On Hands For Five Years

Mrs. Andrew Volk, Burdette, Alta., writes:—'I was very much bothered, for five years, with eczema on my hands and wrists. I tried all kinds of ointments and salves, but they did not help me. A friend told me about Burdock Blood Bitters, and after I had taken two bottles I found I had received complete relief from my trouble.'

THE PACT RATIFIED

The Anglo-Canadian trade pact was ratified last week by both the British and Canadian Parliaments and is now law. It was the final consummation of the arrangements made at the Imperial Economic Conference and is an experiment that will be watched with great interest. Canadians generally will try to help make it successful, we feel sure. Should it prove beneficial, as everyone hopes it will, it will be adopted as a principle in this country, in spite of the opposition that has been shown to it during its passage through each of the Parliaments. It may have weaknesses, as it doubtless has, but, if it is beneficial, Canadians will be for it. Whatever else it may do, it should make our neighbors look on us with greater respect than in the past and consider well before putting in force any hostile measures.

CANADIAN PORTS

One measure that should please Prince Rupert people is the provision that grain cannot take advantage of the six cents a bushel rebate if it is shipped into foreign elevators and then reshipped to Britain. That should tend to increase shipments through Canadian ports and especially through British Columbia.

While Prince Rupert is at present in the shade in regard to grain shipments, the port will not always remain that way. The sun will shine again in the north and wheat will be taken in quantities through the elevator at this port. The six cent advantage should hasten the day when this happens. Possibly it may help us this season.

BOOTH WON IN SOCCER

Borden Street School on Short End of Two to Nil Score

Borden and Booth met on Saturday afternoon to play their regular game in the Junior Football League. Booth winning two to nil. Borden won the toss and, with the advantage of wind and rain, soon attacked the Booth goal. In spite of repeated efforts from the Borden forwards who were greatly assisted by Veitch at centre-half, the Borden team could not score. Eby brought the play near the Borden goal and McMeekin centred well but Unwin stopped the attack. Unfortunately, the Borden defence left McLeod free and he beat the Borden goal-keeper with a fine shot. Nice play by O'Neill, Irvine and Houston brought another attack on the Booth goal but Nelson and Ritchie were strong and Borden could not get through. The half-

THE ANSWER Canadians Must Give

The new Dominion of Canada bonds now being offered to the Canadian public constitute more than an investment opportunity. They represent also an opportunity to strengthen Canada's high credit.

The citizens of other countries have recently given similar offerings immediate response. Last Thursday, for example, the British public within a few hours subscribed to approximately \$1,000,000,000 of new British bonds yielding the investor less than 3 1/2%.

The new Dominion of Canada bonds provide a long term yield of 4 1/2%. They are backed by the resources of the Dominion. No better investment for your savings can be found.

The world is watching and it is a matter of national importance that Canadian investors give a prompt and resolute response. Canadians can thus show again that they are fully able to meet their country's financial needs. They can thus demonstrate again their confidence and faith in Canada. They can thus strengthen the high credit Canada has gained throughout the world.

Buy these Bonds today

As an investment—as a national duty—as an answer to the challenge of the hour—send your order now. Any recognized bond dealer, or any branch in Canada of any chartered bank, will give you complete information and application forms.
