RESOLUTIONS OF FARMERS

Fees of Medical Men Under Fire at Calgary Convention.

CALGARY, Jan. 18.—(By Canadian Press).—More than 200 resolutions have been submitted for consideration of the United Farmers' convention, which opened here yesterday and continues until Friday. They cover a great variety of subjects, including economic, political, legal and educational.

The subject of co-operative marketing of the products of the farm will occupy an important place in the deliberations of the delegates. Resolutions have been submitted calling for the creation of a co-operative wheat pool, while others ask the re-establishment of the Canadian Wheat Board. Other resolutions urge the provincial government to pass legislation favorable to the development of co-operation in the selling of various commodities, while one resolution asks the U. F. A. Central Office to organize a central selling system in connection with co-operative dairy enterprises. The establishment of Dominion government owned packing houses is urged in a resolution from the Stettler local.

Amend B. N. A.

Among resolutions dealing with political questions is one from Custer Local demanding that the British North America Act shall be so amended as to provide for the abolition of the senate. The same local proposes that the B. N. A. Act should be amended to provide that the position of governor-general shall not be an appointive office.

A considerable number of resolutions deal with the necessity for railway extensions in various districts, while education also receives much attention. The Stettler District Association has submitted resolutions recommending important changes in the curriculum of the grade and high schools, while a number of resolutions on the same subject have been received from the Bow River U. F. A. Constituency Association.

Resolutions have been submitted by a number of locals demanding the recall of Rice Sheppard, who ran in opposition to the U. F. A. candidate in Strathcona in the recent federal election.

The provincial government is urged to introduce legislation to provide that a member of the legislature selected to a position in the cabinet shall not be required to return to his constituency for re-election.

Doctor's Fees.

It is proposed in a resolution from Mount Vernon local that a minimum doctor's fee of \$20 shall be fixed in respect to all maternity cases and that a maximum shall be agreed upon. In a resolution submitted by this local the fees charged by the Calgary Medical Association are quoted as \$35 plus mileage, and the Edmonton Association \$25 plus mileage. Various other changes in legislation affecting the medical profession are requested. Riverton asks that all medical charges shall be regulated by the government. A local of the United Farm Women of Alberta asks that the medical charge in maternity cases be fixed at \$15.

Compulsory medical treatment of defective school children is demanded by Fairacres local, U. F. W. A.

Lake Thelma local urges the establishment of a "democratically owned and controlled credit system," while many resolutions deal with the subjects of banking and credit.

H. F. Wearmouth is on a trip to Alice Arm and Anyox in connection with his duties as agent of the Soldiers' Civil Re-establishment Board.

We are positively satisfied, after having tested every other coal in the market, that Nanaimo-Wellington at the above prices is by far the best and certainly the cheapest coal offered to the public today. It has the lasting qualities and the heating power, and gives the greatest satisfaction with the least trouble.

We are the only coal dealers in town who have the equipment to guarantee 100 pounds of coal in every sack, irrespective of the weight of the sack, wet or dry. The sacks do not enter into our weights, the coal only being weighed. Is this worth your consideration?

Think this coal question over. Watch your monthly bills. Our coal outlasts all others. Living costs are high enough. Let us save you a dollar by phoning your coal order now to
