FARMER LEADER ON CONDITIONS**H. W. Wood Sees World in Terrible Plight and Urges Economy and Efficiency.**

CALGARY, Alta., Jan. 18.—(By Canadian Press).—Addressing the annual convention of the United Farmers of Alberta here yesterday, H. B. Wood, president of the organization, spoke in part as follows:

We have moved forward another year since our last convention. Perhaps never before has a year been so filled with the accumulated results of past actions and past wrong doing. "As ye sow, so shall ye reap." Humanity has long been sowing the seeds of strife and discord in all the fertile ground of civilization. In all social affairs, especially commercial activities, class has been striving against class, nation against nation, each recklessly and shamelessly striving to serve self without regard for the interest of others. It was inevitable that this mad strife should sooner or later burst in the greater and more diabolical madness of military conflict. Since the cessation of that wild orgies the harvest of confusion has been slowly but inevitably ripening.

And whereas application has been made for a caveat or certificate of title to the land described in the name of Hubert O. Crew, and whereas it appears that the title it appears that prior to the 13th day of October, 1916 (the date on which the said lands were sold for over taxes), you were the assessed owner thereof, or otherwise as stated below.

Further to note that at the same time, shall effect registration in pursuance of such application, in the name of Hubert O. Crew unless you take and execute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 26th day of October, A.D. 1921.

H. F. MacLeod,
Registrar of Titles.

To WM. J. KENNAUGH, Prince Rupert, B. C., registered owner; WM. R. MITCHELL, Prince Rupert, B. C., registered and assessed owner; FRANCIS HAYS, Esq., care H. O. Crew, Prince Rupert, B. C., mortgagee.

Dated October 7, 1921.

The internal financial equilibrium has been so broken up that the masses of the people are not only unable to bear the heavy burden of taxation, but many of them are below the line of actual comforts. The primary producers' end of the balance is so low that it rests as dead weight on the cost of production, while finished products are so high they are out of reach of many consumers. Reason would lead us to believe that such grave conditions would have a sobering effect on all men, especially those occupying responsible positions, and cause them to deal in the most serious manner with all social problems and to regard as sacred their obligation to advise and guide the people in the light of truth, appealing to their noblest sentiments of manhood and

UNITED FARM WOMEN ORGANIZATION GROWS

CALGARY, Jan. 18.—(Canadian Press).—Membership in the United Farm Women of Alberta at the close of 1921 totalled 4930 as compared with 3920 a year earlier, according to the report of the secretary submitted today to the annual convention here. In addition more than 3000 women are associated with the movement through the medium of United Farmers of Alberta locals. The report outlined the year's work, mentioning in particular measures which have been carried out for the relief of suffering in certain sections of the province which had met with repeated crop failures.

A report was presented also for the junior section of the U. F. A., which had now 115 locals with an aggregate membership of approximately 1200. "We feel," said the report, "that we have not only justified our existence, but we have helped to create added interest, new contentment and higher impulses in many communities where eager boys and girls are aspiring towards 'good' citizenship and 'better' seniority.

LIVE AND JAZZFUL COMEDY HERE TONIGHT

For a real live, jazzful and delightful comedy that is as full of action as an egg is of meat, the most jaded movie fan in the world will recommend "The Ghost in the Garret," in which Paramount picture dainty Dorothy Gish appears at the Westholme tonight.

"The Ghost in the Garret" deals with a girl who with her dog Mike (a splendid actor, by the way) follows a band of crooks into a haunted house and after playing the ghost with highly humorous results, brings the criminals to book. The story is a blues chaser of the finest sort, and the production is in every way a treat.

ALICE ARM

It is understood that the Taylor Mining Co. is endeavoring to raise finances with a view to continuing operations at the Dolly Varden Mine this season.

The Homestake Mining Co. is to resume operations on the Homestake property in March. The company has been reorganized and a compressor is to be taken in and \$35,000 worth of development work done.

Mrs. O. M. Watson has returned home after having spent the Christmas holidays in Seattle.

The New Years' dance here was a great success in every way. There were two orchestras, the musicians being Mrs. T. W. Falconer, E. R. Oatman, I. Rogers, A. D. Hallett, O. M. Walker and J. Fiva.
