CITY REFUSES ASSENT WORK BOOTH SCHOOL

Files Request of School Board That Money Be Provided for Work.

A letter from the School Board asking the city council to provide the \$15,000 necessary for the execution of the repairs to the Booth Memorial School as recommended by Architects Jeffers and Whittaker and asking that the council give the board authority to go ahead with the work was last night received and filed by the council.

Ald. Montgomery said that he had first been opposed to the doing of the work without a by-law and he was still opposed to that principle. He did not think the council could give the school board authority to go ahead.

Ald. Kerr said the council had asked for an investigation but no reply had been made. If the matter was to be whitewashed he did not want to enter into it at all. The people who had been connected with the construction of the building were gradually leaving town.

Ald. Perry thought that as the council had given the board encouragement to go ahead he did not think it was proper that a technical obstruction should now be put in their way.

Not First Time.

Ald. Collart stated that it would not be the first time the council had spent money before putting a by-law. The matter should be left with the school board since they had agreed to finance it.

City Solicitor Hooper said the School Act gave the authorities power to cover unforeseen expenditures from general fund. The council had passed a resolution asking him to advise the school board regarding an enquiry but he had not thought the time ripe for that yet. Therefore he had not made his report to the school yet. It would take only a short time to do so.

Ald. Perry said that it would seem from Ald. Montgomery's remarks that his whole object in putting anything in the way of the school board was so that an enquiry might take place. The School Board had asked the city council to take steps towards an enquiry. They had been frank and he thought it was up to the council to be frank as well. It would be breaking faith with the school board if the council failed to furnish the money. He would not help to put any difficulty in the way of the board for he wanted to see his own children going to the school again and so must also Ald. Montgomery.

Breaking Faith.

Mayor Rochester said that by taking the course suggested the council, it seemed to him, would be breaking faith with the people. There was no guarantee that \$15,000 would put the school in shape. The people should be given a chance to vote on it.

"I don't want my children to go back to that school and I hope to God they don't have to," declared Ald. Montgomery. "I am afraid to send them there and there are many more like me. This white wash is not going to make the school safe I am satisfied. The sum of \$15,000 will not cover it half. I consider that the school board has broken faith with the general public and if we finance under these conditions we will also be breaking faith. I want an investigation and they don't want

one. I want to see what has happened to the money that has already been buried there. If you want to persist in this it is up to you but I oppose, not the permanent repairs to the school, but temporary repairs. I am not satisfied with the last report. It has tried to shun the points. Would any practical man expect that the floors could be reinforced for \$1,000? It is something damnable."

Arguments Childish.

Ald. Perry thought such arguments childish. If Ald. Montgomery had wanted to pull the report of the architects to pieces, why had he not done so when they were here? They had the opinion of Ald. Montgomery as against the opinions of Architects Whittaker and Jeffers. He thought the school board was sincere in its request.

The report was then ordered received and filed.

ORANGE LODGE PICNIC TODAY

Union Steamer Chelohsin Left at 9:30 This Morning With Crowd of 350.

A big and happy party numbering about 350 persons left on the Union steamer Chelohsin at 9:30 this morning for Port Simpson where the annual picnic of the Loyal Orange Lodge is being held today. A complete program of sports and entertainment has been arranged and the presence of a pipe band will lend further spirit to the affair. There was a parade from the Metropole Hall, marshalled by Charles Lemon and led by the pipe band, which included some 60 ladies and gentlemen. The large majority of the picnicers, however, had gathered at the ship before the parade arrived.

Frank Haugh is chairman of the picnic committee and is being assisted by Alex McTear, D. Munro, A. MacKenzie and Charles Lemon. John Day Bell is chairman of the program committee.

The steamer will leave Port Simpson on the return at 6 o'clock this evening and should be back here by 8.

CLUB BYLAW IS MODIFIED

Clause Regulating Hours Struck Out Entirely.

The city council's new club licensing and regulating bylaw was given third reading in committee last night and passed its first stages with two amendments being made. The first was that instead of granting licenses the chief of police will be required to submit his findings on the applications to the council, approving or disapproving them, and the council will do the final granting. The clause in the bylaw requiring clubs to be closed from midnight to 7 a.m., was deleted altogether. Ald. Dybhavn and Ald. McLeod voted against the cutting out of this clause but the other aldermen voted for the amendment.

The bylaw will come up for final consideration at a meeting of the council to be held tomorrow afternoon. It was 12:30 last night when the city fathers got through with the club bylaw so the further consideration of Building commission bylaw and the Anyox Community League letter regarding the establishment of continuation schools was also postponed.

RALPH HARRAP NEW MEMBER FAIR BOARD

Succeeds H. Pattinson, Resigned
Left on Train Last Night to Work for Association in Interior

Ralph Harrap has been elected to fill the vacancy on the Exhibition Board caused by the resignation of H. Pattinson, who has left the city. Mr. Harrap left for the interior on last night's train. On behalf of the association he will attend the farmer's picnic at Round Lake on Thursday and on Saturday he will be present at the semi-annual convention of the Northern Interior Co-operative Association at Houston. Mr. Harrap will also do general advertising and organization work while in the interior.

AN ANTI-CHRISTIAN MOVEMENT IN CHINA

Energetic Propaganda Commenced Against Foreigners With Minor Outbreaks

AMOI, China, July 11.—The religious world of the Far East is stirred by an anti-Christian movement which started early in May among the students of private and government schools throughout the country. These young people term Christianity a superstition and harmful to the people, taking away reverence for ancestors and freedom of thought and action.

The new movement has begun an energetic propaganda, which in turn has brought Christian leaders to the front, many of whom look upon the movement with grave misgivings, not knowing what will be the outcome. Others think it is simply the result of a desire to organize something, and that the best means of defeating it is to ignore it.

Unconscious Tools

Conditions provoking the organization of such a movement are said by Christian leaders to be the rapid progress of Christianity in China, taken together with much talk and advertising of the recent World's Christian Student Conference and other conferences of a like nature held in this country. The students are declared to be unconscious tools in the hands of leaders who are seeking favorable conditions for the breaking up of organized society and the working of Communistic ideas.

The leaders of this anti-Christian movement are Dr. Tsai Yantai, Chancellor of the Peking National University; Wang Chaomin, secretary to Dr. Sun Yat-sen, and Chen Tu-siu, who is a Socialist. Sub-organizations have no doubt sprung up. A Free Love Society has already been formed among the students of Amoy University.

Anti-Foreign

Considering the possibility of an anti-foreign movement resulting, the local Consular bodies have taken up the matter with the Commissioner of Foreign Affairs who, however, pronounces himself unable to give any promise of protection in case of persecution. Already in a few places minor outbreaks of a hostile nature against mission work have been reported, in spite of the claim by leaders of the movement that the purpose is to be nothing more than passive resistance.
