#### DAILY EDITION

Wednesday, Nov. 8, 1922.

#### Exchange Rate And Trade.

Yesterday's press dispatches stated that Canadian exports to  
the United States had increased by four million dollars and im-  
ports to Canada from across the border had decreased one mil-  
lion dollars between September this year and the same month  
in 1921. In the same twelve-month a heavy exchange rate ad-  
verse to Canada has practically disappeared. These two condi-  
tions have a great deal to do with each other. If Canada's busi-  
ness with the United States continues in the same healthy direc-  
tion Canadian money, instead of being at par in the United  
States, may soon be actually at a premium.

#### Canadian Money Looked At Askance.

On account of Canadian funds having been at a discount  
in the United States for such a long time, the people over there  
still look askance at our money in spite of the fact that they can  
get dollar for dollar for it at their own banks. Travellers re-  
turning from the States will tell of American citizens—ticket  
agents, hotel clerks, merchants, etc.—still refusing to accept  
Canadian currency at its face value. Such a condition will pos-  
sibly continue for a short time until the American realize that  
Canadian money is now worth as much as if not more than their  
own. One person who returned recently from a trip to the north-  
western states tells of having had Canadian money discounted at  
a Portland hotel and American money discounted in a Van-  
couver clothing store. No doubt the Canadians will realize the  
return of their money to par more quickly than the Americans  
will realize the same fact.

#### Turks Do Not Seem Trustworthy.

Early dispatches from the Near East telling of the renewal  
of hostile activities towards the Allies by the Turkish Nationalists  
would indicate that the Kemalists had been preparing for a coup  
under the protection of the Mudania armistice convention. It is  
not likely that the Allies will be caught thereby, however, for  
past experiences must have taught them not to give the Turk too  
much leeway even at his word. Such an occurrence as this last  
one will make peace an even more difficult matter of execution  
in the Near East. If the Turk Nationalists cannot be trusted un-  
der a temporary arrangement it is easily apparent that they could  
not be left with a permanent agreement if they had the power to  
break it. It would seem at this distance that it is going to be a  
difficult proceeding to deal satisfactorily with the Turk without  
using force instead of moral suasion.

#### Ten Years Ago In Prince Rupert

It is expected that it will be  
toward the end of the month  
before the big 2,000 pound bell  
will be finally installed in its  
place in the tower above the  
city hall. Several of the attach-  
ments are still to be received,  
they having left Boston the mid-  
dle of last month. It will be  
quite a feat to raise the bell into  
place, the work of which is go-  
ing to be undertaken by the staff  
of the electric light department  
as soon as they can spare the

time from the vast amount of  
work at present on their hands.

Frank Martin, an old time  
pioneer of Northern B.C. one of  
the earliest to migrate to Stewart  
at the time of the mining excite-  
ment, returned to the city yes-  
terday from a visit to the lower  
coast cities and will proceed to-  
night to Granby Bay where he  
expects to locate.

Will J. Hughes, proprietor of  
the fashionable ladies' store in  
the Smith Block, was a passen-  
ger on the Prince Rupert this  
morning for Vancouver on a  
short business trip.

### Severe Kidney Trouble

Mrs. F. Rinehart, Camp-  
bellville, Ont., writes:

"I had trouble with my kid-  
neys and very frequent urination.  
This was followed by pains which  
at times were very severe. The  
doctor said I had inflammation  
of the bladder and that an op-  
eration might be necessary. To this  
I refused, and began using Dr.  
Chase's Kidney-Liver Pills. From  
the first few doses I felt the  
benefit. The pains left, urination  
was corrected, and I have had no  
recurrence of these ailments."

**Dr. Chase's Kidney-Liver Pills**

One pill a dose, 25c. a box. All dealers, or Edmondson, Bates  
& Co., Ltd., Toronto

## INCINERATOR AT NELSON

Recommended by Mayor Rochester  
—Expense Account Passed

A report from Mayor Roches-  
ter on the question of an inciner-  
ator being installed in the city  
was read at the council meeting  
last night. The mayor stated he  
had inspected the incinerator in  
use in Nelson which was similar  
in population to Prince Rupert,  
and he had found that it worked  
admirably. The plant was located  
in the heart of the city and was  
giving every satisfaction. A sim-  
ilar incinerator could be built  
here for \$11,000 or \$14,000. The  
matter was laid on the table un-  
til the return of Mayor Rochester.  
At the same time the mayor's ex-  
pense account, which amounted to  
\$75.80, in connection with his re-  
cent trip to Kamloops to the con-  
vention of United Municipalities  
of B.C. was accepted. Acting  
Mayor Dybvahl remarked upon  
the economy the mayor had dis-  
played in his account.

## MUSKEG SEDIMENT IN LOCAL MILK

A letter from the Minister of  
Agriculture on the question of  
dairy cows and the milk supply in  
Prince Rupert was read at the  
council meeting last night. The  
letter stated that the conditions  
under which dairy cattle were by  
no means as sanitary as they might  
be. In driving the cows through  
the muskeg it coated on their legs  
and udders and there was, as a  
consequence, a sediment in the  
milk. The letter was referred to  
the Health Committee for their  
report.

## WALLACE REID IS VERY VERSATILE

He's An Artist in Real Life as  
Well as in Picture "Rent  
Free"

In his new Paramount picture,  
"Rent Free" which comes to the  
Westholme Theatre tonight, Wal-  
lace Reid, the star, is seen as an  
artist. Prior to entering the film  
field, Mr. Reid was an artist of  
ability, his work being confined  
chiefly to pen and ink drawings  
and cartooning for newspapers.  
In fact he is quite versatile, hav-  
ing been artist, reporter, night  
clerk in a hotel, worker on the  
Shoshone dam, vaudeville actor,  
author, playwright and editor of  
a motor publication. He is also a  
good musician and an expert mo-  
torist. Howard Higgin directed  
"Rent Free" which is filled with  
comedy and touches of pathos.  
Lila Lee is leading woman.

## The Man in the Moon SAYS:-

AS the dentist remarked to the  
patient with a bulging face:  
"Rather a swell affair."

THANKSGIVING Day is cer-  
ely good training for Xmas Day.

MANY a young chicken met a  
sad fate on Monday no doubt.

PA was out early in the morn-  
ing with the hammer and Ma had  
a swell day to do the washing.

The Liquor Vendor is getting  
some cheap advertising these  
days.

#### THE MODERN GIRL

The bachelor girl is contented  
To puff cigarettes and cigars;  
Her weed is not daintily scented,  
But strong as her brothers' or  
par's.  
She want's nothing to do with  
Dan Cupid  
And all the romance that he  
brings,  
Says she "I regard him as stupid,  
I'd much rather smoke and  
blow rings."

Harvard astronomers have dis-  
covered 2,000 new suns. With  
a view to encouraging visitors we  
might send a wire asking lowest  
terms for rental next season.

#### NO THRILLS

Ethel—Why do you always re-  
fuse to go motoring with Tom?  
Clara—He drives too carefully.  
—New York Sun.

## BUILD RAILWAY NORTH STEWART

Charles F. Caldwell Makes An-  
nouncement at Ketchikan  
Following Visit to  
Mining Camp

KETCHIKAN, Nov. 8.—Charles  
F. Caldwell, president of the New  
Alaska Mining Co., and the Port-  
land Canal Railway and Terminal  
Co., arrived from Hyder on Sat-  
urday morning and left the same  
evening by the steamer Spokane  
for the south.

Mr. Caldwell, who is preparing  
to commence the construction of  
a railroad from Hyder, on the  
Salmon River Valley under the  
charter held by his company,  
stated that he had concluded ar-  
rangement with C. A. Carlson, of  
the Siems-Carlson Construction  
Co., of Spokane, for the com-  
mencing of the construction of  
the railroad as soon as possible.

Mr. Caldwell is also president  
of the New Alaska Mining Com-  
pany, with its headquarters in  
Spokane, and bonded the 11-mile  
group of claims in the Eleven  
Mile camp three years ago. He  
has succeeded in making the last  
payment of \$37,000 due on Oct. 1,  
and payment was made on Sep-  
tember 30. The owners have re-  
bonded the claims to Pat Daly and  
it leaves a contest of ownership  
to be decided by the courts unless  
an adjustment can be arranged  
outside, probably by arbitration.

#### Most Important Mine

The rich and large showing un-  
covered by recent developments  
makes it the most important on  
the Alaska side of Salmon river.  
The railroad is being built to open  
up what is now believed to be  
the greatest mining camp the  
world has ever seen. The Pre-  
mier, that is developed by three  
tunnels, has, roughly speaking,  
between eight and ten million  
tons of ore in sight on two claims.

This mine is now producing  
over five hundred thousand tons  
a month with three hundred  
miners at work, yielding about  
\$500 per diem to the man.

Developments in the New Alas-  
ka and Big Missouri, which is as  
large and rich a mine as the  
Premier and the recent strike of  
12 feet of ore in the Indian group,  
four feet of which is steel galena,  
amounting about 400 ounces to the  
ton, is a guarantee that the rail-  
road will have a paying business  
from the time it is ready to carry  
freight and passengers.

#### Going to New York

Mr. Caldwell, after closing un-  
some important mining deals in  
Spokane, will go east to New  
York on matters connected with  
the Alaska project.

Mr. Carlson was also in Ketchi-  
kan. He left last night on the  
Jefferson for Juneau.

## MRS. ROBERSON ASKS QUESTIONS REGARDING CITY DUMP AND SCHOOL

A letter was read from Mrs.  
Marion Roberson, late of Prince  
Rupert and now residing in Vic-  
toria, at the council meeting last  
night, regarding the unsanitary  
condition of the road leading to  
the Fairview cemetery and the  
Booth School question. To a  
previous letter City Engineer  
Whittaker had replied that the  
pile had been burned over and  
that it would be burned over and  
covered with disinfectant periodi-  
cally.

Mrs. Roberson, in her letter  
read last night, stated in part  
that she had heard in September  
that the city had sanctioned the  
throwing of rubbish there. No  
burning in that bog could dis-  
pose of the offensive matter and  
even "wealthy Rupert" could not  
afford one quarter the disinfec-  
tant and germ destroying fluids  
required to destroy all that are  
congregated there.

In reading of the Booth School  
tragedy a few of Mr. Cox's re-  
marks had come to her mind. Mrs.  
Roberson enquired if it was right  
that for supporting the floors hori-  
zontal beams had been placed  
from wall to wall. Did not Mr.  
Cox say that the walls were al-  
ready so weak that they had to be  
strengthened. Was the basement  
ventilated so that it would not  
crumble with dry rot? She con-  
sidered that taxpayers had no ob-  
jection to paying when their  
money was used in the best in-  
terests of the community but to  
have already had \$412,000 thrown  
ruthlessly away and then to ask  
for \$20,000 more than had first  
been required for improvements  
seemed to an ordinary human eit-  
zen a very strange course of  
events. Mrs. Roberson also en-  
quired if a public enquiry was to  
be held into the school matter.

On motion of Ald. Kerr it was  
decided to acknowledge the re-  
ceipt of the letter and refer it to  
the School Board.

## SPECIAL SHOE : SALE

We have many broken lines to offer in this week's  
Sale. All of good quality stock, priced at much less than  
actual cost.

**SPECIAL WAYLAND** Shoe in Black and Tan Calf, in both
