

FLAG DAY WAS GREAT EVENT FOR CHILDREN

Speeches, Clowns and Free Eats
—List of Winners in Track Events.

Prince Rupert's children were surely in high revel at the Elks' Flag Day proceedings at the Aeropolis Hill Grounds yesterday afternoon. The rain held off just long enough to get things over in good style and the youthful ardor was in no way dampened. The clowns kept up their unceasing antics and the free ice cream and candy provided without stint did the rest.

The saluting of the flag was a pretty and well carried out ceremony and the speeches of Judge Young, Fred Stork, M.P., and Rev. Dr. H. R. Grant were appropriate to the occasion and delightfully brief.

The opening feature of the sport program was the Junior Baseball exhibition game between the White Sox and Tiny Tims which resulted in a five all draw, the prizes being divided. Frizzell and Nickerson were the White Sox battery and Kelly and Clapp for the Tims. Lundquist going into the box for Frizzell about the third. Harry Astoria and Joe Hatchford were the umpires.

The results of the races were as follows:

Boys, five years and under—1. E. Calderone, 2. Jack Gurcon, 3. Fred Akerson.

Girls, five years and under—Ruby Green; Erna Clark, Nina Martin.

NO MARKET FOR SHINES IN PERU SAYS REPORT

WASHINGTON, Aug. 10.—(By Canadian Press).—Manufacturers of shoe polish seeking foreign markets for their wares might just as well pass up Peru. The Department of Commerce announces that it has received this information from its representative in Peru. "Shines" are practically unknown in Peru, the U. S. trade representative reports chiefly because the major portion of the population are Indians who never wear shoes.

PROMINENT CHICAGO BUSINESS MAN SEES GREAT FUTURE AHEAD

W. J. Meade Says Prince Rupert Is Logical Selection for a Great City.

"You or I may not see it but my experience in the real estate business tells me that Prince Rupert is some day going to be a great city and fortunes will be made here," declares W. J. Meade, a prominent real estate man of Chicago, who has been visiting here since Monday. Mr. Meade says that there is nothing to stop the city and its strategical position from a transportation standpoint assures its future development. It is the natural place for people seeking opportunities.

Mr. Meade, who is accompanied by his wife, is making his first tour of this part of the country and stayed a few days at Jasper Park, the natural beauties of scenic attractions of which he highly praises. He has been here since Monday and will go south to Portland tonight en route home via Colorado and the middle states. He has seen all the centres of industry here.

Mr. Meade is high in the ranks of the Masonic craft and is a member of the 32nd rank in the consistory, a Shriner and Royal Arch Mason. He belongs to Medina Shrine, Chicago. He owns several apartment houses in Chicago and conducts a variety store.

NEGOTIATIONS UNDER WAY TOWARDS HAVING WRESTLING MATCH

Jack Moran, of Portland, Expresses Willingness to Come Here to Meet Ad. Gustavo

Following the recent challenge placed in the Daily News by Jack Olsen, the Portland middleweight wrestler, offering to meet any wrestler of his class here, negotiations are under way with a view to matching him with Ad Gustavo, the Argentine middleweight champion, who is visiting the city. Jack Judge received a wire from Olsen this morning in which he signifies his willingness to come here i suitable arrangements can be made.

No cause for Worry when Children have Summer Complaints

There is not a summer passes but that thousands of men, women and children are attacked by summer complaints such as diarrhoea, dysentery, colic, cramps and pains in the stomach, cholera, cholera morbus, cholera infantum, etc. In looking for relief you should not delay in getting a bottle of Dr. Fowler's Extract of Wild Strawberry, a remedy that has been on the market for the past 77 years, and has stood the test of time. Mrs. Geo. Chapman, Sudbury, Ont., writes: "I am the mother of five children and I must say they are seldom sick or in need of medicine. They are, however, sometimes troubled with summer complaint, diarrhoea, and such like, but I always find there is no cause for worry as I just give them two or three doses, no more, of Dr. Fowler's Extract of Wild Strawberry, and the trouble soon disappears. It is a remedy that all mothers should keep in the home for the children." "Dr. Fowler's" is 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

SCHOONER LEONOR TO BE AUCTIONED OFF

Was Prize of War and Was Held at Victoria for Six Years.

VICTORIA, Aug. 10.—To cover expenses incurred by the British Government in maintaining the notorious schooner Leonor in Victoria Harbor for six years, following her seizure by the cruiser Rainbow in the Gulf of California during the war, the vessel is to be auctioned off on August 28 by Sheriff Richards.

The Leonor lay in the harbor alongside the schooner Oregon, another war prize, for years. The case of Oregon was settled out of court by the British Government which paid substantial damages to the owners, and the craft went south.

The Leonor, owned by the firm of Rademacher, Muller & Co., of Guaymas, Mexico, was seized by the Rainbow in June, 1916, for allegedly being enemy owned, and was brought here. The case came up in the Prize Court in Victoria, and was transferred to London, England. Several years ago the case was settled by the court in favor of the owners, who were to get back the schooner, but damages and costs were refused on the grounds that there was reason for suspicion.

A similar case was that of the Edna, which was ordered given back to her owners, this decision of the Prize Court being appealed by the British Government. When the Privy Council upheld the court, the Government did not appeal the case of the Leonor.

The owners of the Leonor, however, were told that they must pay more than \$6,000 to the Government for the cost of keeping the vessel here before they could have their boat. The only way in which it would be possible for the owners to be released from paying this sum would be through application to the Prize Court. The value of the Leonor was not sufficient to warrant any further legal action on the part of the owners, and so the craft will be sold by the sheriff in an endeavor to recover the cost of maintaining the schooner here for six years.

CUT DOWN TREES WITH RED HOT WIRE OR SHOOT THEM DOWN

CASTLEROCK, Wash., Aug. 10.—(By Canadian Press).—Felling trees with red hot wire and a rapid fire gun to test some new inventions have placed Rudolph Mayer, the experimenter, on the forest service black list. The wire not only burnt its way deep into a big red cedar trunk but also started a fire that quickly spread to adjoining pitchy timber.

The wire was carried to and fro rapidly by an electric motor, the heat generated by friction being intended to sever the wood tissues quickly and smoothly. Mayer's other idea was to aim a rapid fire gun into the trunk of a tree slowly turning the muzzle across the diameter. In the experiment the hard pointed bullets felled a two foot tree but many passing through the trunk chipped large chunks off other trees and frightened the lumberjacks a long distance off.

GRANT MAHOOD'S NEW COMPANY ACQUIRES FISH CREEK MINES

Important Stewart Mining Deal Is Announced in Vancouver—Best Mine on Alaska Side.

According to announcement made in Vancouver, the Fish Creek mining properties, comprising twenty-two claims on the Alaska side of the Salmon River valley, have been acquired by the American Mining and Smelting Co., the company which was recently incorporated with Grant Mahood, of Stewart, as the head. The deal is said to be the most important in the history of Stewart. The Fish Creek mines are reputed to be the best on the Alaskan side in the Salmon River valley and are credited with having been involved in big offers running into the seven figures made by United States interests. Their development in the past has been under the Superintendency of W. R. Tonkin, the well known Spokane mining man.

UNDERGROUND RIVER DISCOVERED IN FRANCE

GENEVA, Aug. 10.—A great subterranean river, with an outflow of 67,000 gallons of water a minute, has been discovered in the Mont Blanc region. Known as Eau Belles, this river has thrown out many underground tributaries which have formed small lakes and wells of extremely pure and cold water in the southeast districts of France and in some of the southern cantons of Switzerland.

The origin of the river is the ancient lower glaciers of Mont Blanc which it has been proved flow from the bottom as well as the top, the latter supplying directly the Rhone and the Rhine.

The waters of Saux Belles at a depth of 25 to 50 yards beneath the mountains have carved out wonderful and beautiful caverns, grottoes and couloirs full of stalactites and stalagmites.
