Mackenzie King Challenges Bennett to Hold Election On Issue of Trade Treaty

OTTAWA, Nov. 10:-Taking the Premier at his word that his government stands or falls by the four trade treaties negotiated at the recent Imperial economic conference in Ottawa, Rt. Hon. William Lyon Mackenzie King threw out a direct challenge in the House of Commons for an election.

Leaning over his desk and pointing his finger at the government benches, the Liberal leader, with the cheers of his followers, shouted: "I challenge him to go to the country."

"Wait until after the Redistribution Bill," cautioned Mr. Bennett:

"And we shall judge his (the Premier's) sincerity by the rapidity of his action," returned the Liberal leader.

SENATE IS

G. O. P. Will at Least Have Control of Upper House During Forthcoming Term

WASHINGTON, Nov. 10:-In spite of the Democratic landslide in Tuesday's election, it appeared last night that the Republican party would still hold control of Senate during the forthcoming short term of two years.

The Senatorial issue was apparently settled in favor of the Republicans when late returns from New Jersey and Colorado showed the Republican candidates to be leading and, apparently, elected. The re-election of Senator Barber in New Jersey was conceded while Carl Skyler, Republican, was leading his Democratic opponent by a substantial margin in Colorado.

New York Exchange

Policy of Inflation In Canada Discussed By Financial Concern

New Paper Currency Has Resulted in Funds Being Withdrawn From Country-Premier Bennett Defends Loan Made From Banks

MONTREAL, Nov. 10:- "The outstanding feature in the wheat market at the moment is the question of trend of the Canadian dollar in the international market," states a market review issued by James Richardson and Sons, a leading grain organization. "Recent debates in the Dominion Parliament advocating a policy of inflation in Canada, oming at the same time that the

caused widespread attention with he result that people in other counies are withdrawing their funds from Canada and, as a result, the Canadian dollar has declined in alue on outside markets.

"This of course," continues the review, "places Canadian wheat on a more attractive basis and the immediate result has been heavy

policy of inflation, the Canadian dollar is likely to decrease still fur- their support for the repeal of Secther in value with the consequent tion 98. result of further independent advances in Canadian grain prices."

Statement By Premier OTTAWA, Nov. 10:--The recent loan of \$35,000,000 secured by the country. government from the banks on twoyear notes at four percent was in accordance with the idea that an easing of money is "highly desirable" in the interests of business recovery, Prime Minister R. B. Bennett told the House of Commons. So far as he was aware "the best and most conservative opinion throughout the world is committed to this idea. Such is certainly the case in Great Britain and the United States," the Premier said.

Mr. Bennett's statement was in reply to a question by H. E. Spencer, United Farmer of Alberta member for Battle River.

felt the government was quite justified in joining with other countries in the adoption of monetar, take part in this ceremony. The measures designed to encourage recovery, broad action along this line was unnecessary and he reiterate his previous declaration that "this country will not depart from the established principle of sound money."
