

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

The secretary to the Admiral reports that the weather has again been particularly rough and juicy on the high spots and as a consequence the fish arrivals have been light.

Over last week and the wind reached the ferocious pace of 70 miles an hour which, although unattended with much rain, was nevertheless a storm to be contended with.

Shingle Bolt Adrift

During the big blow over last week end, a boom of logs and a considerable quantity of shingle bolts blew adrift from their berth at the shingle mill in the vicinity of the Dry Dock and have become smeared all over the surrounding beaches just like jam on a slice of bread.

Floats Repaired

The Provincial public works department has been busy during the week repairing the floats around Cow Bay. The work has been carried out under the direction of P. W. Anderson.

Sheep in Trees

Captain Reg. Green, who recently paid a visit to Smith Island tells of having seen some remarkable stunts executed by the domestic animals in the neighbourhood of Osland, according to the secret service.

Salmon Confiscated

The Violet, Captain James, arrived from Wark Channel early in the week with a nice little bunch of fresh salmon plucked right from the tree.

Ostrand's New Wharf

W. E. Muse is building a new float wharf at Osland, on Smith Island, for the Dominion Government, under the direction of J. B. Lambert, the Dominion public works engineer.

Lockhart Logging

The logging boat Lewis Island, Capt. Louis Lockhart, arrived in port early in the week from Porcher Island where Cap. has been doing a little hunting stunt.

The Lois, Capt. John Warner, accompanied the Lewis Island and will engage in the same business for the next few weeks.

Floissie Flirt

Our old friend Floissie Flirt has not yet got away on the prodigious and Podge but preparation are being made and the necessary armament is being put in readiness.

Fish Figures

The fish marketed this week through the Fish Exchange amounted to 190,000 pounds. The highest price paid was 17c, and 10c, and the lowest 14c and 8c.

To Locate Boom

The Clara N, with Capt. Geo. Ness and Pete Galahan aboard, left port on Thursday morning in an endeavor to locate the boom of logs, consisting of some two and a quarter million feet of lumber, which broke away from the tug Massell in Hecate Straits recently.

Capt. Blaw Returns

Capt. Blaw, of the Merry Maid, who has been on a visit in the south has returned to port.

Sport Photographs

Captain A. Swanson has two fine photographs which were enlarged from snapshots taken on the recent hunting trip to the head of the Gardner Canal.

A Near Tragedy

It is learned from an authoritative source that the Dry Dock was agog with excitement just recently when the cry of "man overboard" rang out sharp and clear.

Bucking the Storm

Alex. Mackenzie, W. Mackenzie and Dunc Kennedy had an exciting experience last week end while on a hunting trip to Tucks Inlet.

Lella R. Finished

The Provincial forestry patrol boat Lella R, Capt. Dan Archie, completed her hull overhaul and general repairing during the week.

Bill's Twins

Bill Shrubbsall came into the spotlight of publicity during the week, he being blamed for the addition of a pair of bonny twins to his family circle.

week and is now engaged on her regular patrol run.

Dear Admiral: I've got about as much use for you these days as a rat has for a rattle snake all because you sent me a picture post card with a lot of love dope on it.

The halibut schooner Hippo is undergoing deck repairs in Cow Bay.

The Georgetown power boat Wake, Capt. Dickson, arrived in port on Wednesday with George McAfee, manager of the Georgetown sawmill, aboard.

The Clara N, with Capt. Geo. Ness and Pete Galahan aboard, left port on Thursday morning in an endeavor to locate the boom of logs.

Lord Doolittle has got a couple of monkeys according to his last letter. He caught them by making a noise like a monkey nut.

Wastepaper basket poetry:

How doth the little busy bee, Delight to bark and bite, It gathers honey all the day And eats it all the night.
