

TIMES must be very hard in Vancouver. A client of ours there says he is very hard up and so must sacrifice a fine Double Corner which he owns here in Prince Rupert on Sixth Ave., at Cotton Street, in Section Six. It is on the sewer and lies fine for building. Make us an offer. It must be sold. H. G. HELGERSON, LTD., Real Estate, Rentals, Insurance.

**REVIVAL OF
INDUSTRIES
PALESTINE**

**INCREASE OF IMPORTS AND EXPORTS
Consequent on Industrial
Activity.**

JERUSALEM, Mar. 6.—Palestine is beginning to rouse from its long industrial slumber. Manufacturing industries are springing up rapidly in this country which could not boast of a single industry for hundreds of years under the Turkish regime. Now the new industries are beginning to compete strongly with foreign manufacturers.

This change is attributed here to Zionist capital and enterprise.

Carpet weaving perhaps ranks first in importance among the new industries. The Zion-Jerusalem society has a number of looms which turn out some remarkably beautiful work. Jewish colonists from Persia have also set up a number of factories which make carpet patterns for foreign consumption. The United States is their chief buyer for the present.

The manufacture of house and office furniture is making rapid strides. Two large Zionist's factories are now busy producing all the wooden requisites of office and home for Palestine as well as for Egypt.

Cigarette making, pearl button manufacturing, wire producing, candy, brush and basket-making are among the many other enterprises which are being developed. Their promoters say they are more than satisfied with results, despite the general depression in trade prevailing the world over.

Two Handicaps.

Two existing handicaps, however, seem to arrest the rapid growth. The first is lack of electricity to run the machinery in factories and the second the lack of suitable harbors, piers and sheds to facilitate the handling of the sudden increase in imports and exports.

The Rutenberg scheme for generating electricity from the River Jordan which has already been approved by the government in London and on which work is to start soon is expected to eliminate these handicaps.

The administration is bending its utmost efforts to promote more enterprises. An exhibition of home industries, the first of its kind in Palestine, is being arranged for the first week of April.

**CONSTIPATION
BAD HEADACHES
FAINT, DIZZY SPELLS**

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in.

A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc.

Keep the bowels properly regulated by the use of

**MILBURN'S
LAXA-LIVER PILLS**

and you will enjoy the best of health.

Mrs. Frank Willsey, R. R. 3, Belmont, Ont., writes:—"I have been troubled with constipation for nearly two years. I had bad headaches, faint and dizzy spells, and would blot terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother got me a vial of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one vial I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."

Price, 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**BIRD SANCTUARY IS
CITY OF LONDON**

**Town Life Is Deliberately Chosen
Owing to Better Protection.**

The writer of the London letter in the London weekly Times tells of the bird life in the world's metropolis. He says steps are being taken to preserve the wild life in the London Parks. Lord Crawford, the minister responsible, has appointed a committee, of which Sir Lionel Earle is chairman and among those who have undertaken to give evidence is Lord Grey of Fallodon. Certain areas of some of the public parks were enclosed for army purposes during the war; and small wild life discovered sanctuary there, with the result that the question of preserving it in future has seriously arisen; and out of its consideration will surely arise the further question how to provide similar sanctuaries in all public parks. We only need to meet the birds half-way in their advances towards our friendship. Forty-one years ago the first few gulls came tentatively to London; now they come by hundreds every year. Wild wood-pigeons can be watched much more easily in London than anywhere in Britain. Magpies, carion crows, moorhens, coots, great crested grebes and little grebes are all definitely choosing a town life where they get the chance; and, though small animals cannot fly with the birds over the ring of bricks and mortar, they find gaps to slip through. Perhaps no prettier sight in nature has been seen than a little red squirrel turning over the papers in a wire basket in St James' Park, searching for crumbs.

Proving Cats.

The difficulties in the way of preserving small wild life in the public parks may almost be summed up in one short word—cats. The parks are the nightly rendezvous of almost all the cats from the surrounding streets; and the few birds mentioned above as taking to town life are able to do so only because they roost and nest out of the way of the cats. But there would be no need to exterminate the cats. All that is necessary would be the provision of a narrow strip of wilderness here and there, surrounded by a light cat-proof—and incidentally, boy-proof—fence. Here small birds would quickly learn to come for safe nesting sites. At one time the nightingale used to sing in Kensington Gardens; it would sing there again in a few years if we gave it a chance. There is really no limit which we need put to the possible natural history of London; and the little sheltering wilderness for the nesting birds might easily, under proper care, be made themselves the most attractive part of the whole scheme.

**EDMONTON SENDING
CANOES TO FAR NORTH**

EDMONTON, March 6.—The coming of spring and the opening of navigation to the far north is heralded by the activity noticeable in the shipbuilding yards of the Alberta Motor Boat Works, at the low level bridge. On Friday morning the yard was crowded with stacks of canoes, packed in straw and swathed in cloth wrappings. Twenty-three of these vessels in sizes from 14 to 20 feet are being shipped

Tenders will be received by the under-signer up to Tuesday morning, 7th instant, for a term of six months to lease those premises known as the Fulton Market, recently occupied by George J. Frizzell.

The premises consist of Store, Office, Gold Storage Plant and Warehouse.

Federal Building, Prince Rupert, B. C.

March 3, 1922.

WATER NOTICE.

Diversion and Use.

Take notice that James A. Brown, whose address is Prince Rupert, B. C., will apply for a licence to take and use 4 cubic feet per second of water out of Browns Creek, which flows northeasterly and drains into Hossack River about nine miles from mouth of creek.

The water will be diverted from the stream at a point about 57 feet above tide-water on Lot 121, Range 5, Coast District, and will be used for power purpose upon the land described as being in Range 5, Coast District, Skeena River District.

This notice was posted on the ground on the 19th day of January, 1922.

A copy of this notice and an application purporting to be made under the Water Act, 1914, will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the Water Recorder or with the Comptroller of Water Rights, Government Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a daily newspaper.

JAMES A. BROWN, Applicant.

The date of the first publication of this notice is January 21, 1922.
