**BRIG-GENERAL OPENS RESTAURANT IN LONDON**

LONDON, Dec. 28.—(Canadian Press)—Behind a desk during business hours in an unpretentious but spotlessly clean restaurant in Marlborough Court, Carnaby Street, London, stands the proprietor, no less a personage than Brig-General W. B. Buller, D.S.O., one of the heroes of the Great War. The restaurant was recently opened by the general. It is appropriately named "The Venture," and so far is not known whether it may prove a profitable one or not. It's proprietor, however, seems to have faith in it, and this is a big part of the battle.

When the war began, Brig-General Buller was a retired officer, farming in British Columbia. He left everything in Canada and went to France, where he had a brigade in the 24th Division. He was wounded in the knee, and, in fact, only recently returned to be under medical treatment.

"My property, which deteriorated during the war, is over in Canada waiting to be sold," Brig-General Buller told an interviewer here recently. "I want cash and jump just now, because of my knee, and like tens of thousands of others, I feel anxious to look for a means of livelihood. My wife is assisted by Mrs. Whittier, the wife of a Colonel; my chief is an ex-soldier and, perhaps, my circumstances have impressed me with the need of a place where people of refinement may obtain lunch, tea and supper, served on fine china to their home life, at reasonable prices."

"The Venture," with tables covered with snowy white tablecloths, with accessories, silver well polished and substantial lunch for one, waiting and set forth. The general is not too dignified to go over and select for a customer a bottle of cognac, if asked.

**Her Three Children HAD Whooping Cough**

Her mother says the severity of the disease that whooping cough is not of serious importance, but it is one of the most dangerous diseases of infancy, and every parent must realize that whooping cough, if not treated, is a most serious disease.

**DR. WOOD'S NORWAY PINE SYRUP** is highly recommended by doctors everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the nostrils and throat that are clogged, and in this way brings on the "whoop" which brings the so-called "cough" and ends the attack.

Mrs. W. W. Baker, Seattle, B. C., writes: "My three children had whooping cough. I tried every medicine I could find of cough and cold preparation and but by Dr. Wood's Norway Pine Syrup they had one bottle taken the cough seemed better, and after two bottles they were about well. It hastened the cure and relieved them of the hard, distressing and straining feeling that goes with it."

"Dr. Wood's is the best and the best. Put up only by The T. Wilson Co., Ltd., Ltd., Toronto, Ont."

**VANDERHOOF**

The provincial government's announcement that considerable roadwork is to commence in the district yesterday, is a relief with a good deal of pleasure by the citizens.

F. C. Beckwith had the misfortune last week to lose both his barn, a six- and considerable feed by fire. The animals were all saved. The loss was partly covered by insurance. A lantern being overturned in the barn was the cause of the blaze.

Mrs. George Loper, daughter of Mr. and Mrs. A. O. Johnson, of Vanderhoof, was severely burned last week when her clothes caught fire from the stove.

The Vanderhoof skating rink was opened for the first time this season last Wednesday.

Gordon H. Gower, school inspector from Prince George, visited the Mequandale and Fraser Lake schools last week and expressed satisfaction with the work being done.

**THINKS IRELAND IN FIVE YEARS TIME WILL SETTLE DOWN**

NEW YORK, Dec. 15.—A prediction that Ireland within five years will become as peaceful and prosperous under the British flag as South Africa is today, summed up the opinion expressed by Sir Gilbert Parker, noted author, regarding the recent events which have established the Irish Free State.

Sir Gilbert is on a lecture tour in the United States with his headquarters in New York. In an interview he stated that though the Irish people, both those in southern Ireland and those in Ulster, have committed many crimes, that ultimately they will establish "a powerful, loyal and patriotic government."

Mrs. J. Griffith, A. Eason and Mrs. Iowa were passengers from the south arriving this morning on the Prince George.

Capt. H. B. Dabington expects to sail tomorrow night for Victoria where he will make his future home.
