**FIRE INSURANCE** is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

## TO LET CONTRACT FOR PRINCE ALBERT OFFICIALS ARRIVE

Capt. Nicholson, general manager of the C.N.R. Steamships, accompanied by R. Beaumont, local manager and A. Giffard, secretary to Capt. Nicholson, arrived from Vancouver this morning on a visit in connection with the repairs to the Prince Albert, which is in dock for repairs. Other officials in connection with the same matter who arrived are E. Edwards, surveyor for Lloyd's register for classification, and T. G. Allen representing the surveyors for the underwriters.

It is expected the repair work will be done at the local yard and Capt. Nicholson said the ship would have her annual overhaul at the same time, thus entailing a great deal of work.

## Sport Chat

The second halves or home stretches of the various winter sport schedules are now under way indicating that as far as sport is concerned the winter is more than half over. However, it is still too early to talk of outdoor sport for two heavy winter months have yet to pass. The race in the indoor sport leagues is getting down to the interesting point and it will soon be an easy matter to speculate in the various winners. The Whist League started its second lap last week, the Basketball Association got off to its last night and on Monday night the final stretch in the Billiard League commenced.

Great interest is still being taken in the Elks' elimination billiard handicap, and the third round has now finished. In the course of a few days the finals will be on. E. A. Donohoe, E. Green, B. Morgan and W. Balagno still survive, the results of the games in the third round being as follows: E. A. Donohoe, 200 v. Geo. McIlroy, 161; M. M. McLachlan, 188 v. E. Green, 200; B. Morgan 200 v. W. G. Blythe, 187; W. Fraser, 110 v. W. Balagno, 200.

Five thousand women of France, between the age of 15 and 30, are taking part in athletics, in which men have figured mainly in the past. One hundred yards in 11 1/2 seconds, 1,000 meters in 3 minutes 17 1/2 seconds stand as a joint British and French feminine record. Miss Lines of England, and Mademoiselle Beaud of France, covering the respective distances in such time as would make masculine athletes envious. In 1909, the "Forward" feminine section of the French Sporting Federation was founded. Sixty-two members formed the original club. It now numbers 1500. Mademoiselle Therese Beule of the latter club, went over the 110 meters 10 1/2 hurdles in 17 1/2 seconds, just two and one-fifth seconds slower than the world's record held by Earl Thompson of Dartmouth.

JOHANNESBURG, South Africa, Jan. 11.—Gold miners throughout Transvaal are against the increased employment of native labor. Both sides are deadlocked and the strike has already cost the Transvaal a million dollars.

## BEGGARS OF ITALY HAVE FORMED CLUB

ROME, Jan. 7.—The idea of beggars organizing themselves into a syndicate or society has probably made its appearance upon the variety or musical play stage, but the thing has actually happened at Milan. Until recently Milan was not a beggar-infested city, but for some reason or other the number of mendicants has of late so greatly increased that the citizens have called upon the authorities to take some steps to abate what looks like becoming a nuisance.

The beggars, alarmed at this turn of events, and the threat of the municipality to exile a number of them, have issued an invitation to what they, in quite official language, describe as "the civil mutilated and invalids of the city," that is the beggars, to attend a meeting with a view to taking measures to reduce the number of mendicants.

## Head and Nostrils Clogged Up.

Could Hardly Breathe

When you become all choked up and stuffed up with a cold your head becomes thick, the nostrils become so clogged up you can hardly breathe, a feeling of weight or oppression in the chest and the cough raps and tears your lungs and bronchial tubes.

This is the time to take

DR. WOOD'S

NORWAY PINE SYRUP

Before things get to be too serious. There is no remedy to equal it for clearing up the cold, making the breathing easy, loosening the phlegm and soothing and healing the lungs and bronchial tubes.

Mrs. Edward Kincaid, 60 Bryden St., St. John, N. B., writes:—I wish to express my hearty thanks to your valuable remedy Dr. Wood's Norway Pine Syrup and what good it did me. Last fall I contracted a severe cold, the like I never had, my head and nostrils were so clogged up I could get no vent, and could scarcely get my breath. I tried remedy after remedy until at last I thought I would try "Dr. Wood's." After the first dose I felt relief, and by the time the bottle was finished I was all better. I will always keep it in the house.

Price, 25c and 50c a bottle; put up only by The T. H. N. Co., Limited, Toronto, Ont.
