NAAS BEATING EXPECTATIONS

Inspector of Fisheries Returns From Trip With an Excellent Report on Salmon Run.

The run of salmon on the Naas River is far exceeding expectations and is a great deal better than seen for several years reports A. Mackie, acting inspector of fisheries for District No. 2 who returned at the end of the week from a trip of inspection of the Naas River. The average for the week-end was 35 to 40 a boat and the highest was 150 brought in by one boat to Arrandale Cannery. Practically all the fish that is being taken is sockeye and very few humpies, chums or cohoes have yet made an appearance. A clean run like this is generally taken as an indication of a good sockeye run. Mr. Mackie states that there has been some three or four times as much salmon taken on the Naas this year as at a similar date last season. Five canneries out of six on the river are operating, namely Arrandale, Mill Bay, Naas Harbor, Somerville and Wales Island. Kumeon cannery is not packing. Weather conditions have been ideal lately and if they continue a record catch is looked for.

Alaskan Cannery.

The Alaskan cannery at Hidden Inlet on Pierce Canal north of Wales Island has been rebuilt after having been destroyed by fire two years ago and will be operating again by the beginning of next week. This is the only American cannery on Portland Inlet and it gets a big percentage of its fish from the American traps north of Dixon's Entrance between Cape Fox and Pierce Canal. Boats coming in American waters as far as Cape Fox also bring salmon to this cannery. Mr. Mackie visited the plant while on his trip last week. The Dominion Fisheries office reports that, although signs of improvement and a good run is looked for, the average at the past week-end was about 12 fish to the boat.

DANCE ON FRIDAY

NIGHT ENJOYABLE

Proved Fitting Preliminary to Sons of Canada Dominion Day Celebration

The dance given on Friday evening in the Auditorium under the joint auspices of the Sons of Canada and Adair Carss Chapter,

Imperial Order Daughters of the Empire, proved a fitting and enjoyable preliminary to the Dominion Day celebration and was attended by some 100 couples.

W. S. Fisher was master of ceremonies and C. D. Baldson and H. Curtis presided at the door. Music was provided by the Westholme Orchestra and dancing was kept up until about 3 o'clock in the morning.

The Adair Carss Chapter ladies were in charge of refreshments and Mrs. Carrall was caterer.

ALASKA FLYER EXPECTED HERE

Aviator Jones, Seattle for Ketchikan, Will Pass Over and Possibly Stop Here

SEATTLE, July 3. — Roy E. Jones, aviator, employed by the United States Bureau of Fisheries to patrol the waters of southeastern Alaska, is to enter his duties in the north on July 15 and will fly from this place to Ketchikan before that date. His intention is to make stops en route north at Vancouver, Nanaimo and Swains Bay and possibly at Prince Rupert which place it is expected he will pass over, in any case with his seaplane.

Aviator Jones plans to make the trip from Seattle to Ketchikan, 800 miles, in nine hours. His flying boat is engine with a 180 horse-power engine replacing the regulation 100 horse-power motor.

A flight from Seattle to Ketchikan has never yet been accomplished, but it is thought that Jones will have no difficulty in doing it. He will use the seaplane in locating pinnacle rocks along the Alaska coast for the United States geodetic survey with which he has been connected for a number of years.
