Compared to a few years ago tire users are getting easily double—and even more than double—the mileage in the tires of to-day.

Ten, twelve and fifteen thousand miles are just average mileages to-day. And the records on the road show that Dunlop Cord Tires and Dunlop Fabric Tires are even exceeding these mileages.

With Dunlop big mileage you have rock-bottom prices and paramount tire quality—tire quality that is accepted as standard to-day, and which other makers are vainly striving to duplicate.

When you can get a tire with prestige back of it like DUNLOP, and with practically an unlimited guarantee, why chance your life on a second-rate tire at any price?

In Dunlop Cord Tires you have "Traction" and "Ribbed" to choose from.

In Dunlop Fabric Tires you have "Traction," "Ribbed," "Special," "Clipper," "Plain."
