

Picture Framing

Having just established a Picture Framing Department, we are now able to offer to the public a first-class service in this connection and at a reasonable price.

Bring in your pictures and have them framed. If you have a good negative, have it enlarged in our Enlarging Department, then framed.

You will be satisfied—There's a reason. We know how to do it just right.

JACK MORRISON AND SERGEANT MCGLINCHY HAVE BACKYARD MIX

Police Sergeant Hugh McGlinchey and Jack Morrison mixed it in the lane back of Frizzell's butcher shop last night with the result that the latter was taken to the police station and released later on \$50 bail. Morrison was to have appeared this morning to answer to a charge of intoxication but he failed to do so and accordingly the bail was exonerated. 1f

The trouble arose after a phone call had been received at the police station last evening from the Royal Cafe intimating that a man was hammering at the door for admittance. Sergeant McGlinchey proceeded to investigate and, upon arrival, found Morrison in a state of intoxication and disorderliness. On sighting the officer, Morrison made for the yard back of Frizzell's store and, throwing off his coat, declared that no policeman could arrest him. However, the sergeant's intentions were set and the challenge was accepted with the result that science combined with a goodly gift of strength, prevailed and Morrison was duly landed in the Chateau de Vickers, events culminating this morning as reported. 1f

In the Letter Box

Terrace, B. C.

Editor, Daily News:

There are quite a few returned boys along this line who are out of work including the writers of this letter.

We left Terrace a week ago to load lumber at a mill not far from here and we just worked a week. We went out to work Monday morning and found three Chinamen at work, so we asked for our time.

Could you blame us? We don't see why something can not be done to give the men along this line some work.

TWO RETURNED BOYS.

Editor Daily News:

I want to commend Aldermen Collart and Montgomery on their stand taken in regard to daylight saving at Monday night's council meeting. Someone has said that whoever sees and profits by past mistakes is a wise man, but the gentlemen of the council who refused to repeal this unpopular act seem to think that to rectify past mistakes is to appear ridiculous. If these gentlemen are so sensitive why didn't they make sure of what was on the other side of the fence before they took the leap? Parents complain that they have trouble getting their young ones away from play and to sleep an hour earlier in the evening to say nothing about the confusion caused by having an hour's difference in the time of the city and the railway. An extra hour of daylight in the evening is no doubt advantageous to sport, but after all, sport to the majority is merely a pastime while bringing up children is a serious business. If our evenings under standard time are too short for them why don't the sport lovers arise an hour earlier in the morning? Exercise at that time of the day is said to be very beneficial when the digestive organs are at rest. The early morning sun plays on the dew-drops and kisses the fragrant tips of the marigold and skunk cabbage. 1f
