

"The Regent"

This is a splendid instrument both from the standpoint of Tone Reproduction and Good Appearance. It is equipped with a universal tone arm that plays all makes of records, and also a wooden tone chamber. Being a cabinet instrument, it has a place for keeping the records. It is sold at a moderate price. We have no hesitation in saying it is the best moderately-priced phonograph on the market—really unusual value for the money.

Only \$110.00 \$25.00 down and \$10.00 per Month

served by the Naval wireless telegraph service instead of the present wire system.

"4. We recommend that the following clause be substituted for the part of paragraph 8 of the Board of Trade report relating to a branch railroad to the Groundhog coal fields:

"We urge that immediate consideration be given the matter of developing the Groundhog coal fields, and that the most feasible and economical route for transportation of Groundhog coal to tidewater be determined by a competent and impartial board of engineers."

Market for Ores.

"Fair markets for ores and metals are of the utmost importance to mining development in the area tributary to Prince Rupert. We have no definite proposal at this time but will lend hearty support to any well-considered plan that promises to free our mining industry from present restrictive conditions."

"More farmers and miners will inhabit Prince Rupert's tributary territory whenever they can make it pay, or in other words, whenever transportation and markets allow them a fair margin of profit. These pioneer producers will develop the new traffic that must constitute the foundation of Prince Rupert's commercial success. The program of legislation that your lobby is taking to Ottawa will evoke more enthusiastic support at home and probably command more respectful attention in the Dominion Parliament as at present constituted, if it shows some recognition of the prime necessity of speeding up settlement in your tributary territory by some greater protection to the pioneer in the vital matters of markets and transportation rates."

"Mr. Grant Mahood, member of our Executive Committee will be in Rupert soon, and has been asked to discuss with you these matters of mutual interest."

"Yours for progress,
"STEWART CITIZENS' ASSN."
Passenger Rates.

In discussing the matter of rates to and from Stewart, G. H. McNicholl mentioned that the company now had under consideration a reduction of the passenger rates from \$12.50 as at present to \$10 but no official announcement had yet been made. There would be no reduction from present freight rates which it was considered was reasonable.
