"A Terrible Experience"

"I Recall My Experiences with the Burglar with Feelings of Horror!"

"How would you feel if you wakened in the middle of the night with a flashlight shining in your eyes and the gruff voice of a man threatening that, 'if you make the slightest noise, I'll shoot?' That was my experience the end of last March when my husband was away in the woods and I was alone with my three children. Ever since I think of this experience a shudder passes over me and as long as I live I shall remember it. At the time I really thought I would die. It's a wonder my heart did not stop beating. I was so weak that even if I had any desire to move, I could not. I was holed in a cold, clammy perspiration. Even to recall the shocking details now makes me shudder. It was a result of this shock that I contracted a high fever and for hours at a time I was delirious. I got so bad that the doctor finally gave up hope of my ever recovering, but by careful nursing, I was finally pronounced out of danger. The shock had left me so weak that, for no reason whatever, I would suddenly burst into tears. All the life seemed to have been taken out of me. I kept getting weaker and weaker, so much so that my husband and children were constantly worrying about me. Doctors prescribed for me and while I willingly tried their medicines, only very few of them did me any good, but unfortunately the good was not lasting. My family asked me if I would try Carnol and I said, 'I was willing to try anything,' but felt that it would not do me any good. Four bottles of Carnol taken regularly, has completely restored my former health and strength and, while I occasionally recall my experience with the burglar with feelings of horror, I am otherwise as well and strong as I have ever been. Carnol is the most wonderful preparation I have ever used for building and restoring health and strength. It has done wonders for several of my friends to whom I have recommended it."
