

# "The Regent"

This is a splendid instrument both from the standpoint of Tone Reproduction and Good Appearance. It is equipped with a universal tone arm that plays all makes of records, and also a wooden tone chamber. Being a cabinet instrument, it has a place for keeping the records. It is sold at a moderate price. We have no hesitation in saying it is the best moderately-priced phonograph on the market—really unusual value for the money.

Only \$110.00 \$25.00 down and \$10.00 per Month
