

ONE OF THE GREAT NEEDS OF OUR CITY is a more abundant supply of money available for building loans. What more public-spirited use can you find for your savings than assisting some young married couple to acquire the home they so greatly need? Is your money not more usefully employed, both to you and the borrower, when invested in gill-edged mortgages at 8 per cent. than in the savings bank at 3 per cent.? And we will make sure of the security for you.

GERMAN MARK A SWINDLE TO PAY REPARATIONS; INVESTORS ARE FOOLED

GENOA, April 27.—"The greatest swindle in history is being perpetuated through the sale abroad of German paper marks and mark securities to meet reparations demand," said Prof. Cassell, a distinguished Swedish economist, today. "I think North and South America," Prof. Cassell added, "should know how dishonest is this system. When France insists upon immediate payment, the German government can only realize money by using and issuing more paper marks and marketing more paper securities abroad. In other words, foreign investors, largely in North and South America, really are making the reparations payments on the theory that they are buying investments. If this system continues the German mark will fall to a point where it will be virtually as bad as Austrian and Polish money, and nobody abroad will touch it."

FIFTEEN BOILS ON NECK AT ONE TIME

Anyone who has suffered from boils can sympathize with poor old Job.

There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Nowadays no one need endure the misery of boils.

Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery.

All the poulticing and lancing you may do will not stop more coming.

What you have to do is take

BURDOCK BLOOD BITTERS

and the blood will be cleaned of all its impurities, and then every boil will disappear.

Mr. Roy McSwain, High Bank, P. E. I., writes:—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly."

For the past 45 years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TOM KING WINS EASILY OVER M'KAY

VANCOUVER, April 27.—Tom King, the Australian boxer, won the Pacific Coast middleweight championship, outpointing Gordon MacKay of Idaho, in a slow ten round bout.

MacKay made so little effort that the matchmaker announced his end of the purse would be distributed to local charities.

NORTHERN NOTES

J. J. Price, who was heavily interested at one time in placer mining in the Iditarod country, left Ketchikan for the Kaniishna district last Monday to look over some properties for Tom Aiken.

H. O. Probstel of Helm Bay, who is developing a mining property there, has left Ketchikan for the south.

Mr. and Mrs. O. A. Larson of Quadra are spending a few days in Ketchikan.

T. A. Heckman of the Chomley Cannery is in Ketchikan on business.

The New England Fish Company of Ketchikan has started to buy salmon again and also has started its mild-cure operations for the year.

CRUISER UNDAUNTED IN SCRAPPING YARD

LONDON, April 27.—The crew of the light cruiser Undaunted, which was completed at Govan, Scotland, a few weeks before the outbreak of the war, has been paid off at Sheerness, and the ship placed on the sale list. The Undaunted, which participated in the sinking of the four German torpedo boats on the Dutch coast in October, 1914, belongs to the Arethusa type. Thus this famous class of light cruiser disappears entirely from the navy list excepting the Aurora, which is now in the service of the Canadian government.

WOMEN POLICE IN LONDON VALUABLE

LONDON, April 27.—The work of the women police, judged by the rather restricted tests to which it has been subjected, has been so valuable that in a not very far distant future no civilized community will probably be without this special force. The need for immediate retrenchment is urgent, and the government's refusal to continue the experiment is not surprising but it is thought that the economy effected will be shown in the result to be short-sighted. It costs more to maintain numbers of women in prison than to maintain a small force of women to keep them out of prison.

ARTIFICIAL SILK

A New Industry Which Has Grown Rapidly.

NEW YORK, April 27.—Artificial silk industry in the United States is rapidly becoming of the first importance. Its growth within the last two years has been especially significant. In 1921 artificial silk consumed in the United States totalled 19,000,000 pounds, nearly half as much natural raw silk, approximately 42,000,000 pounds. Both production and imports of fibre silk in 1921 were double those of 1920.

Two new plants with a combined capacity of 50,000,000 pounds annually began operations during 1921 and capacity of a third was nearly doubled. The total investment is now over \$50,000,000.

Prosperous advertising means regular continuous advertising.
