ECONOMIZE OR GET OUT NOW SEATTLE SLOGAN

New Mayor of Puget Sound City Determined to Have Change in City Hall.

SEATTLE, July 20.—City department heads will either economize or get out. That is the ultimatum issued by Mayor Edwin J. Brown yesterday after he had heard a full report from his secretary on the budget summarizations submitted Monday.

Behind the mayor, the Tax Reduction Council announces that it will renew the fight for retrenchment and economy which it waged last year.

Disclosure of departmental methods and all proceedings of the council budget committee by committees authorized by the Tax Reduction Council to make investigations is assured. Taxpayers will receive all information of the proceedings.

The department heads will have to turn over their departments to others than themselves if they do not co-operate with him in his determination to carry out campaign pledges of economy in municipal administration, the mayor said.

Cleanups Threatened.

As a stick with which to enforce principles of utmost economy, the mayor threatens a thorough housecleaning.

Although the attitude of the city department heads in turning in a budget out of all proportion with the growth of the city is apparently one without any serious import, the battle between themselves and the mayor may develop into a fight of some concern, it is thought.

The mayor, sixteen days after he took office, directed a letter to all appointive department heads of the city government, saying: "My study of city affairs leads me to believe that we are carrying far too many employees upon the payrolls and that many of the positions that have been created may be either consolidated or abolished. I wish you to keep this in mind in preparing a budget which you will submit to me and we will go over it carefully together before submitting it to the finance committee."

HAS NEVER FELT THE RHEUMATISM

Since Taking "Fruit-a-lives" The Famous Fruit Medicine

P.O. Box 128, PARKSBORO, N.S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up. I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back.

In 1918, I saw in an advertisement that "Fruit-a-lives" would stop Rheumatism and took a box, and got relief, then took "Fruit-a-lives" right along for about six months and I have never felt my Rheumatism since."

JOHN E. GILDERSON.

FISHING DIFFICULTIES

ALASKA SALMON GROUNDS

Men Discharged and Sent South And Indians to be Employed

JUNEAU, July 20.—Seventy-five employees of the Alaska Packers and Northwest Fisheries at Karluk were discharged by the company 10 days ago and boarded the steamship at Kodiak for the south. Twenty-four left the ship at westward points, en route to Juneau. The majority are from San Francisco and are returning there.

A poor run of fish resulting in actions of the fishermen, intolerable to the company, are said to be the reasons for the company letting the men go. It is understood natives will be hired in their place for the remainder of the season.

The fishermen fish from the beach and because of purse seiners from other plants, fishing ahead of them, they were unable to make any catches. They have been fishing two months and made only about \$15 apiece each month, it is said.

The men are said to have become angered at the purse seiners who fished on the grounds where their beach nets were placed, and attempted to damage the nets and boats of their competitors. These actions resulted in their discharge from the employ of the company.

BUILDING INCREASE WINNIPEG THIS YEAR

So Far Since January 1 Permits Amount to \$4,410,700 in — Manitoba Capital

WINNIPEG, July 20.—Issuance of \$4,410,700 worth of permits before half the building season has expired will boost this year's building programme to the \$8,000,000 mark, in the opinion of E. H. Rodgers, city building inspector. So far this year \$1,230,000 more work has been undertaken than up to the same date last year, and indications are the boom in building will continue until early fall, Mr. Rodgers said.

Home construction still predominates in this year's calendar of work but several projects representing a large investment have been undertaken also. This week the Bradburn Investment Company took out a permit of \$68,000 for construction of a store block at the corner of Portage and Kennedy. The store is of brick on stone foundation and will provide accommodation for two or more stores. Work has been started and will be rushed to completion for early occupancy.

FUTURE OF BOTH U.S. AND CANADA LIES IN CO-OPERATION

So Says New York Herald in Recent Editorial Article

NEW YORK, July 20.—(By Canadian Press).—Commenting on the steady growth of Canada as shown by recent census figures and the constant stream of emigration from the United States to the Dominion, the Herald says: "Any one with the least acquaintance with the great forests that are as yet untouched, the mineral deposits that are hardly surveyed, the agricultural possibilities of Canada, is forced to surmise that many millions will some day live in those rich provinces that are now sparsely settled. Canada is destined to con-

tinue to grow, to become a more populous and wealthy nation.

"No nation is more ready to congratulate Canada and wish her prosperity than the United States. She has been the best of neighbors and is, with the exception of Great Britain alone, the best customer of this country. The emergency tariff which interfered with this trade, has caused a greater loss to the United States than to Canada. But it has harmed the commerce of both nations and represents a policy to avoid.

"For the future of the two countries lies in co-operation. The economic well-being of each is too dependent upon that of the other to allow of a permanent hampering of trade."
