BULKLEY VALLEY WAS DISCUSSED

Minister of Agriculture Disabuses Power of Unsuitability Talk

VICTORIA, Dec. 4. — In the course of the debate on supply Wednesday W. J. Bowser said he had heard that the Bulkley Valley and contiguous northern country was not suited to dairying. He wanted to know if this was true.

Hon. E. D. Barrow, minister of agriculture, replying stated that dairying was the one thing for which the Bulkley was suited. It was certainly not a beef country. It was, however, well suited for mixed farming.

Only a short time ago they might have read of a visit of Dr. Tolmie to that district and the Doctor was so much impressed with the possibilities of the district that he promised the people an experimental farm. He thought the leader of the opposition must have been a little mixed in regard to his information.

This year it had been planned to have shipped in a number of young cattle which would have been used for dairy purposes next year but the dry season had made it not desirable. The previous year a number had been sold to the farmers who formed cattle clubs, each member of which was personally responsible for the whole shipment. These cattle had been purchased by the provincial livestock commissioner. The money was advanced by the province. Twenty per cent was payable on delivery and the remainder over two years.

H. G. Perry said he was surprised at the ignorance of the leader of the opposition. He assured the House that the country west of Prince George was well suited to dairying. The Vanderhoof creamery had been an astounding success. The country was well adapted to the industry and there was a good market for the product.

CHURCH PARADE OF SCOTTISH SOCIETY

Following Service, Presentation Was Made to W. G. Dennis, Who Later Left For South

The annual church parade of the St. Andrew's Society took place last evening. The line of march was from the rooms on Fulton Street and Sixth Avenue and to the Presbyterian Church where Rev. Dr. H. R. Grant delivered an able and appropriate sermon, taking as his subject, "Saint Columba and the Culdees." About thirty members, under the leadership of President W. M. Brown, took part in the parade.

Following the church service, the members returned to the rooms where they did honor to W. G. Dennis, one of the pioneer members who left last night for Victoria. Mr. Dennis was presented by President W. M. Brown, on behalf of the membership, with a gold cigarette case as a token of appreciation of his long service for the society. Mr. Dennis has been a member of the executive ever since the very inception of the society in the city and has always taken a keen and active interest in all affairs of the order. He does not intend to return to Prince Rupert.

Sport Chat

The Victoria hockey team found the visiting Toronto St. Pats easy meat in the first game of the exhibition series played at the Capital on Friday night. The Cougars ran up a score of no less than 7 goals against the 3 netted by the World's Champions. The Easterners came straight through to the coast from Winnipeg, playing one game at Edmonton enroute, and were no doubt won out by the trip. All their scoring was done by Cameron.

A feature of the game was the large number of penalties handed out by Referee Mickey Ion for tripping. Victoria was awarded three free shots and converted two of them while Toronto converted their only shot.

The new system of awarding free shots for tripping within the penalty area goes along way toward eliminating the rough tactics which have characterized so many games recently. If the player is tripped intentionally while in the act for shooting for goal by an opposing man, the shooter's team is given a free shot. Very often these free shots are the means of winning a game.

Tonight the Toronto men play against Vancouver in Vancouver and no doubt every person who has ever been in Toronto will pack into the huge arena to witness the contest. On Wednesday the Seattle Metis will be hosts to the visitors.

Harry Anderson, former middleweight champion of Canada, has been matched against Joe Manilla at Ketchikan for December 8. Little is known of Manilla but Anderson is a very fast specimen.

RIFLE MANUFACTURER BUYS HUNTING GROUND

TORONTO, Dec. 4. — Sir Chas. Ross, late of the Ross Rifle Company, Quebec, has just purchased a paradise of wild animals in the heart of the African wilderness. It is a giant crater of an extinct volcano, one hundred miles from a railway, where he estimates there are 75,000 wild animals, including many rare specimens.

Canada's Standard Remedy for Pain

T.R.C.'s Made to "Get" Rheumatism Most other pains are easy.

Sold by ORMES LIMITED.

THE simple fact is this: there is nothing quite so good for pains and aches as Templeton's Rheumatic Capsules. The medicinal power they contain is absorbed by the blood and so carried to the seat of the pain. T.R.C.'s contain no habit-forming drugs. Their action is to remove the cause of the pain.

USING T.R.C.'s is not an experiment, many thousands of Canadians have proved the effectiveness of T.R.C.'s. The best test you can make is to get a dollar box from your druggist, or for free sample write J. G. Templeton & Co., Toronto. A postal card will bring it.
