OIL SITUATION IN DOMINION

President Imperial Oil Co. Makes Explanation From Standpoint His Interests

In order to correct impressions that have been made lately in regard to new Western oil fields, C. D. Stillman, president of the Imperial Oil Co., which owns the big tanks at Hays Cove here, has written a letter which states that no oil has so far been struck by his company in the Irma-Fabian, Wainwright oil field, Alberta.

The letter is in part as follows: "Canada consumes in six days all of the petroleum it produces in a year. The discovery of a domestic source of supply would mean:

1—An appreciation in the value of Canadian national securities and in our credit generally;

2—A material and immediate increase in population;

3—A stimulus to agriculture and industry generally;

4—The attraction of new capital in great volume;

5—A considerable augmentation of the national revenues through royalties on petroleum production;

6—A potential augmentation of petroleum to Imperial Oil, Limited, and to all other companies engaged in this industry.

The first comprehensive effort and the first outlay of capital on a large scale in an endeavor to find petroleum in Canada has been that of Imperial Oil Limited, a Canadian company, with six thousand shareholders in Canada. It has to date expended a sum in excess of three million dollars in a systematic petroleum drilling campaign which has extended from the forty-ninth parallel to practically the Arctic Circle, and which has covered a dozen widely separated areas in the western country. Around these areas thousands of leases are held by

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class and reduced to \$5 an acre, second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership, joint-tenancy, co-ownership, but parties of not more than four may arrange for adjacent pre-emption.

Where pre-emption in occupation is less than 2 years, and has made up for the time by improvements, if he be cleared and cultivated, and residence of at least 2 years are required.

Where pre-emption in occupation is more than 2 years, and has made up for the time by improvements, if he be cleared and cultivated, and residence of at least 2 years are required.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$20 per annum and records same each year.

Failure to make improvements or record same, will result in forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emption holding Crown grant may be used in conjunction with his farm without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 40 acres may be leased to one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased, conditions include payment of stumpage.

Natural gas may be purchased on existing roads, may be purchased on undeveloped land, or on a road to them. Release of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which pre-emption of a deceased pre-emptor may apply for title under the Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrospective.

No fees relating to pre-emption are due or payable by settlers on pre-emption recorded after June 26, 1915. Taxes are remitted for five years.

Provision for return of monies accrued, due and been paid since August 1, 1914, on account of payments, "see" of taxes on settlers' pre-emption.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired direct or indirect, from date of enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

FOUND WONDERFUL RELIEF FROM CONSTIPATION BY USING Milburn's Laxa-Liver Pills

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N. S., writes:—"I have suffered for some time from constipation, and was advised, by a friend to try Milburn's Laxa-Liver Pills. After taking a trial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

Price 25c a trial of price by The T. Milburn Co., Limited, Toronto, Ont.

Individuals or syndicates awaiting the result of our tests.

Goes Farther Afield

Imperial Oil Limited asked for no monopoly—another company did. It sought and would have obtained, but for the opposition of the people of Alberta and Saskatchewan, the exclusive right to drill for oil over a term of years in practically all the potential producing areas of the Northwest Territories and western provinces.

Being denied this, that company refused to take an even chance with other petroleum enterprises, and invested its capital, not in the Canadian west but in the more profitable and assured fields of California, from which

petroleum products to compete with those of our refinery at Loco. Our crude petroleum manufactured at Loco comes from a field owned and controlled and operated by a Canadian organization in Peru.

Imperial Oil Limited has now been conducting its exploration campaign for five years, and to date it has not been successful in producing a commercial supply of petroleum. Every step of its operations has been closely checked by the Dominion and provincial governments. The log of its wells has supplied a wealth of geological data to the Department of the Interior. Our operations are constantly under the scrutiny of government engineers.

Will Announce Findings

Imperial Oil Limited has not proclaimed that its operations have so far been unsuccessful because it was not in the national interest to do so. If and when we meet with success, as we confidently hope to do, we will lose no time in informing the public of the exact facts, and we think that then we shall be entitled to due credit as pioneers in the production of a most vital commodity in this country. We have encouraged by the loan of equipment, by the freest access to the geological data gathered by our own technical staff, and in some cases by financial assistance, the drilling enterprises of local groups engaged in a legitimate and serious effort to find petroleum. We have offered to co-operate with any of the large world companies willing to come into this country and invest capital upon the same terms as those under which we operate. So far we are the only world company drilling for oil in Canada, although every large company is now vigorously engaged in similar campaigns in foreign lands.

When the expenditure of Imperial Oil Limited capital brings in an oil field there will be no lack of competition and no hesitancy on the part of companies which are now vying their patriotism and their British affiliations to reap the benefits of our enterprise.

Best Interests at Heart

As a Canadian my greatest ambition is to find a petroleum reserve for my own country, and if it is not our fortune to find it we hope and expect that it will be found by someone. The task is big enough for all who are willing to engage in it, and surely because we alone have essayed it on a large scale, and because we have gone from Courts to Fort Norman with Canadian capital and Canadian men, is not evidence that our motives are ulterior or that we have anything but the best interest of the country at heart.

"What is sadder than a man who loses his last friend?"

"A man who works for his board and loses his appetite!"—Stanford Chapparral.

TO SELL ALBERTA COAL IN ONTARIO

Cheaper Freight Rates For Eastern Shipment Asked by Edmonton Government

EDMONTON, Dec. 4.—Cheaper freight rates on coal from Alberta mines to points in the East have been asked of the Canadian National management by the railway department of the provincial government. The present rate of \$12.70 per ton to the Ontario market is declared to be prohibitive and is working seriously against the development of a market in Eastern Canada. It has, therefore, been suggested that it would be a good form of national service if a very substantial reduction in the ton rate were put into effect on the government road, in order that East and West might connect up on the fuel supply question.

A rate that would make it possible for Alberta-mined coal to sell competitively in Toronto can be given, it is claimed here, and at the same time allow a safe margin in operation for the railway.
