GUSTAVO WILL WRESTLE AGAIN

Matched for Finish Bout with Tiny Walker from Ketchikan Next Week.

Promoters Jack Judge and Roi Barnes announce that Ad. Gustavo, the Argentine middleweight champion wrestler, has been matched with Tiny Walker, from Ketchikan, for a finish match (two falls out of three), to take place in the Empress Theatre next Wednesday evening as a Fair Week fixture.

In bringing these two together a lively encounter is expected—one that will equal if not excel the one last week between Gustavo and Jack Olsen which proved so successful. It will not be the first meeting of Gustavo and Walker for they met last July 4 at Ketchikan, the latter winning by the only fall of the match.

Walker has been on the Pacific Coast for the past year or so and hails from the Eastern States. He claims that he has not been thrown once since coming West. His record is a good one and includes matches with such men as Tom Ray, George Barnes, Ted Thye, Ira Dern and Mike Yokel, several of whom claim the middleweight championship of the world.

Walker's weight is 160 pounds as against Gustavo's 165 so they are pretty evenly matched on that score.

The fact that Walker has won over Gustavo only will tend to make the match more popular among local fans on account of the great account the latter gave of himself against Olsen last week.

SPORT LINE-UP FOR EXHIBITION

Three Senior League Captains Will Choose Local Baseball Team to Meet Anyox.

DATES FOR FOOTBALL AND CHILDREN SET

A. A. Eason, E. A. Donohoe and W. G. Anderson, the captains of the three Senior League baseball teams, have been delegated by the Prince Rupert Baseball Association and the Fair Board to select the line-ups for the teams representing Prince Rupert in the Fair week series with Anyox next Tuesday, Wednesday and Thursday afternoons. Mr. Donohoe has been appointed by the league to take charge and manage the series.

The final football game of the Exhibition series has been set for next Friday afternoon. The teams will be the Grotto, who eliminated the Sons of Canada on Tuesday evening, and the winners of the Callies-Sons of England game tomorrow night.

Saturday afternoon is the day set aside for the holding of the children's sports.

Indian baseball and football games will take place on the mornings of Fair Days, the exact dates having yet to be set. Port Simpson registered in the native baseball competition yesterday. More entries in this series and the entries in the native football series are expected within the next few days.

Persistent advertising is absolutely necessary to success.

As far as the play in the Senior football league goes the situation is certainly changed from what it was when the season opened. The mighty have been thrust from their heights and the lowly are coming in for a period of glory. That is precisely what is happening as far as the Callies and the Sons of Canada are concerned. Starting off with a hopeless looking prospect in the league, the Scots have now annexed for themselves two trophies—the Dominion Day Cup and the Gihuly Cup—and haven't the least fear but that the Stuart Shield will come their way too, to say nothing of the Exhibition series. The Scots are certainly running in great form these days and the Sons of Canada, if Tuesday night's game with the Grotto may be taken as any indication, are on the downhill track with a vengeance. The next football fixture will be second Exhibition elimination game tomorrow night between the Callies and Sons of England. While a final at the Fair next week between the Grotto, who have already won their right to play in the last party, and the Sons of England would put an interesting and new complexion to things for the fans, the Scots apparently haven't any intention of letting any such thing happen.

The bylaw of Oak Bay municipality prohibiting horse-racing in that district, which includes the Willows, was sustained in the Supreme Court at Vancouver last week. A challenge of the measure had been made by Aaron Morley, an Oak Bay ratepayer and ostensibly representing interests whose identity was not disclosed. While saying that it would be impossible to accede to the application to set aside a bylaw, Mr. Justice Morrison, who heard the case, said that he could see nothing wrong in horse racing. The prevention of betting was the keynote of the case, in referring to this, the judge said that it seemed anomalous that no objection was raised to lacrosse or hockey games on similar grounds. The case is being appealed and will be heard this week.

There is to be a senior baseball game tonight between the Knights of Columbus and the Sons of Canada. If the Sons of Canada win this will be the last senior game of the season as they will be the winners of the shield.

ALICE ARM

The Alice Arm Citizens' Association is taking up the matter of sending a rock drilling team to the Prince Rupert Exhibition next week.

According to information received by the Citizens' Association, timber at the head of Alice Arm is not being damaged so much by smoke from the Anyox smelter as by a small beetle that is infesting the trees. The question is being taken up with the provincial government with a view to remedial measures.

The old switchback trail from Camp 8 to the Dolly Varden mine is being cut out by the provincial government and a new bridge and trail is being put in from lower down.

It is understood here that George Wingfield, the mortgagee of the Dolly Varden mine, is forming a new company which will commence work on the property as soon as the six months given to the Taylor Co. to redeem the mortgage has expired.

D. Falconer, of Aldergrove, is here visiting his sons, A. Falconer and T. W. Falconer.

Winter seems to be following closely on the trail of summer here and the first mantle of snow was seen on the hills last week.

TOURING EUROPE IN AIR PLANES

Latest Method of "Doing" Sightings of Old Land is Adopted

LONDON, Sept. 7.—Old-time speed records by American tourists when jaunting through Europe have gone by the board this year. By using the airways instead of the highways many of them have packed into three weeks what ordinarily could not have been done in six or eight. At least three families have been touring about the continent recently in aeroplanes. One of the prominent New Yorkers to use the aeroplane a great deal was Seymour Cromwell, president of the New York Stock Exchange. After a motor trip through Southern Europe with his wife and two of his sons, Mr. Cromwell with one son visited Northern France, Belgium, Switzerland, and Holland in the space of a few days' time. He had breakfast in Amsterdam and luncheon in London on the same day.

Mr. Gannett, a well-known New England man, has done almost all his travelling by aeroplane since coming to Europe, including a comprehensive trip through England, Mr. Otto Kahn, the banker, often uses the London-Paris airways. In another five years, so the American enthusiasts say, tourist travel in Europe will be revolutionised by the aeroplane.
