Look for the name-St. Charles!

It brands the best milk—pure, rich milk from tested cows pasturing on the choicest dairying sections of Canada—simply evaporated so that you may keep a supply always on your pantry shelf.

It is properly sterilized—to make sure of its absolute purity.

Twice as rich as ordinary milk—because Borden's have removed most of the natural moisture—and twice as good too.

Sweet! Pure! Wholesome! Fresh milk—in a most convenient form to prevent waste.

For cooking! For the table! For cream—use it as it is! For milk—add equal part of water.

St. Charles Milk—"with the cream left in" is the best. Demand it! It costs no more than other brands.

Also makers of B. C. Brand Milk.

Recipes worth saving

TO WHIP:—Open a can of St. Charles Milk, set can in saucpan full of cold water, allowing water to cover two-thirds of can. Bring to boiling point and when water begins to bubble, remove can at once from water and chill until ice cold. Pour into deep bowl and whip with ordinary egg-beater until stiff. Sweeten to taste.

New Things Out of Old

We can't do that, quite—but we sometimes come pretty close to it.
 A little skilful work on things broken or twisted often transforms them into useful articles once more. We ask you to bring all your breaks and bends to us, no matter how small. The cost will not be unreasonable.
