

### Liver Pains

Pains under the shoulder blades tell of liver derangements. Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthy action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Barten, Hanover, Ont., writes:

"For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

### THE COMIC COMMUTER.

"Don't rush away, old man." "I must. My wife's sitting up and if I miss the last train I shall catch it, but if I catch it I shall miss it; that is what I would catch if I didn't catch it, therefore I don't want to miss it because I don't want to catch it, catch on?"—Boston Transcript.

### LAUNDRIES AND CHEMICALS

The telephone tinkled the other day, and a feminine voice said, "I have been reading your advertisement lately, but don't the laundries use chemicals in their washing?"

Yes, we do use chemicals; so does your baker, and so does every housewife when she makes those delicious hot biscuits you enjoy so much.

We shall have more to say on chemicals later; meanwhile, don't you think this is an almost ideal treatment for your flannel and woollen garments?

**First Bath—Use abundance of warm water 100 degs. Fahr.; add neutral soap solution to make a good suds; run 15.**

**Second Bath—Fill machine with water same temperature as first bath (100 degs. Fahr.), run three minutes. Extract in spinning basket five minutes and finish drying at moderate temperature. No wringing, no rubbing, no extremes of temperature, hence no broken buttons or shrinking of your garments.**

This service is at your disposal.

## THE COUGH with that Ticklish Sensation

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every harsh makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

**DR. WOOD'S NORWAY PINE SYRUP** is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B. C., writes:—"I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. In fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

### In the Letter Box

#### WARNS RATEPAYERS.

For some weeks past our city council has been engaged in seeking to pacify the G. T. P. Co. in the matter of a legitimate tax levy upon their possessions in this city. Stop! Who or what are the Grand Trunk Pacific Railway? All correspondence, the freight bills, expense bills, way bills and other stationery that once emanated from the above R. R. Co. are now bearing the title of the Canadian National Railways. If the G. T. P. is non-existent why negotiate with any person claiming to be their representative? "Once bitten, twice shy."

The writer happened to be one of the arbiters between the same R. R. Co. and the municipality of Prince Rupert when the late Chas. M. Hays was its president. The tax levy was reduced from \$109,000.00 per year to \$15,000.00. Accepting on behalf of the \$109,000.00 certain pledges for the performance of public works, viz. a fifteen story hotel, an up to date machine shop and round house, a station commensurate with the prospects of a great railway system with a marine terminal, and many other incidentals to be thrown in such as coal bunkers, wheat elevators and such like.

Remember, this was not cheap phraseology. Plans of all the respective works were submitted for review, articles of agreement were written out by eminent lawyers, signed by both interested parties, in the very best of good faith of the then city council. Much expense was entailed by our city solicitor visiting Victoria to have the Provincial Government agree to the pact, you ratepayers paying all the expenses attendant. Many unsuccessful attempts were made to have the R. R. Company comply with their part of this agreement, when all the while they accepted the city's fulfillment of their side of the bargain. This contract was for ten years.

Prior to its expiration the writer earnestly urged the respective city councils then in power to enter suit in the court and establish our right by judgment, but the councils thought otherwise consequently by lapse of time our claim is lost.

#### Chapter Two.

Last year the non-existent R. R. Co. accepted \$18,000.00 as a settlement of their taxes. This year they return seeking a reduction to \$12,000.00, claiming that an error in their computation of last year amounted to \$25,000.00 in their favor and they now seek a rebate of \$5,000.00 annually to extend over a period of five years. The life of the new bylaw they are seeking to have passed is for five years, hence the reduction to \$12,000.00 with \$5,000.00 annual rebate per year would leave a neat lump sum of \$37,000.00, a loss to the city of \$11,000.00 per year under the rate agreed upon last year or a lump sum loss of \$55,000.00 during the life of the bylaw. The R. R. legal representative threatens that if this agreement is not entered into they will take it into the courts. Hosh! Call their bluff.

If the bylaw is submitted to you in the near future along the lines above set forth the writer appeals to you ratepayers in your own interests to vote it down. It is suggested putting them to another test of honor requesting the R. R. Company under an inviolable contract that within the current life of the five year bylaw granting such concession you, even greater concessions that they will construct a branch line of railroad to the anthracite coal fields of the Groundhog and adjacent commercial mines, erect coal bunkers at Prince Rupert, erect wheat elevators at Prince Rupert. Then will Prince Rupert be in shape to invite trans-Pacific business and profitably utilize our shipyard and drydock in constructing ships for such service and doing the necessary repair work incidental to ocean wear and tear.

DANIEL W. MORRISSEY.

## ANYOX LIBRARY ORGANIZATION

Librarian is Trained For Work and System is Followed Out.

In view of the interest taken in library matters here just now, a member of the staff of the Daily News wrote the chairman of the Library committee at Anyox asking for information as to how theirs is conducted. The reply in part is as follows:

"I am sending you a list of our books, with the exception of the Granby Technical Library, which is a very expensive lot of books and something I should judge you would not wish to put in your library, for they are mostly on mining. I am also enclosing a list of the books we have on order and another list of books recommended by the library committee."

Our Librarian is trained in this work and works only part time, 2 to 5 p.m. and 7 to 9 p.m. receiving \$65.00 plus \$5.00 for looking after the Granby technical books, or \$70.00 per month in all. The reading room for papers and magazines is open until 11 p.m. so that the men can read the various papers, etc., but cannot get any of the other books except when the librarian is present.

#### League Privileges.

As you undoubtedly know, anyone who is a member of the Anyox Community League paying 50c per month is entitled to all privileges of the league, which includes, tennis, baseball, football and other indoor sports, also the library. This fee allows the married man, also his wife and family up to the age of 16 years to participate in the league's affairs without any other cost. The picture show and pool room are run at a slight profit only.

With further reference to the library, we have a system of fines. If a book is kept out over two weeks a fine of 10c is levied for each week overdue. A janitor who keeps the library approaches cleared of snow, and who cleans the reading room daily, is paid \$25.00 per month. I cannot think of any other important matter just off hand. If there are any other points on which you would like information, please feel at liberty to write me, for this is undoubtedly a splendid movement and I sincerely hope the people of Prince Rupert will soon have a library to be proud of. With best wishes, I remain sincerely yours,

"R. ARMOUR."

Mr. Armour adds that a suggestion book is kept in the library in which members enter any suggestion they have for the improvement of the library. This has proved popular.

### RECEPTION GIVEN RETIRING COUNCIL COMMUNITY LEAGUE

President and Mrs. Robert Armour of Anyox Entertain in Library.

ANYOX, Feb. 23.—A reception to the retiring council of the Anyox Community League, their wives and the employees of the league was given by President and Mrs. Robert Armour on February 17 in the Community League library.

Those present were as follows: Mr. and Mrs. Hatt, Vice-president Jos. Lowry, Patrick Barr, Mrs. George-McColl, Mr. and Mrs. W. Eve, Mr. and Mrs. Dean Buzzelle, Mrs. Dean (Librarian), Fred Brown, Mr. and Mrs. Bazawill, Mr. and Mrs. H. Selfe, Sid Armstrong, Fred Graham (manager of the Mine poolroom) and others.

The Anyox Community League Orchestra, consisting of Messrs. Hayden, Prevost, Auckland, O'Connor and Martin, took good care of the music for the evening.

Bridge was also played and Mrs. F. Hall won the lady's prize, while Sid Armstrong carried off the gentleman's prize, after which a photo of the assembly was taken by Sid Davis.

#### Lunch and Speeches.

A tasty lunch was served by Mrs. Armour, during which several speeches were made. Mr. Hatt acting as chairman. In reply, President Armour stated that he would have many pleasant memories of his work with the council. Although in many cases the members had appeared to agree to differ, yet the outcome was most successful from the standpoint of the Community League, in fact was the best year in the history of Anyox. The president greatly regretted the absence of Councilors Esplin and George McColl through illness.

Dancing was then indulged in and continued until 4 a.m.
