Indulgence in rich foods, tobacco, or anything else that piles up acid in the system should be offset with a little Phillips' Milk of Magnesia. This neutralizes the acidity and you feel fine. Plenty of men know there is nothing like it for "mornings after." Get the genuine; there's something about the Phillips formula, and the way Phillips' is made. Substitutes don't act the same.

ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.
