POLYTECHNIC DISPLAY SHOWS GOOD RESULTS

Exhibition in Wallace's Store Attracting Much Attention and Favorable Comment

The exhibition of handwork of the students of the Northern Polytechnic Institute which is now on exhibition in the show window of Wallace's is attracting a good deal of attention and many compliments have been paid by passers-by to the accomplishments demonstrated. If the quality and variety of the articles exhibited may be taken as any criterion, valuable results must already be obtaining in the comparatively brief history of the institute. The exhibits have a great range in scope and give some idea of the activities of the various classes including the gas engine, art, dressmaking and millinery departments. There are also several appropriate motions urging further taking up and support of the work by the public.

F. V. Delcourt arrived on the Prince George today from Vancouver.

Gossard Brassieres

Gossard Brassieres, like Gossard Corsets, are unerringly designed for the needs of the nine figure types. The new Longerlyne models are priceless to the woman who heretofore has been unable to find brassieres with special shaping to support and flatten the diaphragm and with extra length to prevent them from slipping up over the lower tops of the modern corsets.
