Comparisons in Price of Bonds.

It is rather difficult for a layman to know whether the price of bonds is a good one or not. Take for instance the bonds sold yesterday by the provincial government. They are reported to have fetched 97.783. This means of course that one hundred dollars worth of bonds fetched less than ninety-six dollars or a discount of over four per cent. This, compared with a former sale at par or at a slight premium, makes the bonds look cheap. As a matter of fact, however, the price obtained was a better one than the other. Former offerings were mostly six per cent bonds while these pay only five. The actual rate of interest on the money invested is slightly over 5.2 per cent, whereas in former cases it was six. This on two million makes a large saving every year to the province. The finance minister is to be congratulated on having secured such a good price for the provincial securities. Usually the people of the province do not understand the significance of a deal of this kind.

Makes Suggestions For This City.

A correspondent living in Alberta writes to make some suggestions for the development of this city which we pass on for consideration. Some of them have been already considered but not pushed to any extent. He first suggests the development of adjacent coal lands. This is very important and is a matter that it will be well for the city to encourage as much as possible. He points out the thousands of dollars that are sent out of the district for coal which might be purchased at home if it were available.

Then he touches on elevators and flour mills, the securing of which would prove quite feasible. He suggests that in this part of the country there would be a considerable market for flour and some could be exported to Alaska while wheat could be purchased at Edmonton, which is the cheapest market in the world.

The matter of a packing plant is discussed and he suggests that P. Burns Ltd. might erect a plant here to supply the Alaska business.

The correspondent devotes some time to the matter of "free publicity." He suggests as an instance that the Family Herald and Weekly Star contains in its news of British Columbia nothing but Vancouver and Victoria news. He thinks that paper and others should be supplied with news of Prince Rupert. He suggests that much interesting news could be sent out in regard to the northern part of the province including the wonders of the Stewart mining camp and the news of other places.

In regard to a road leading off Kaien Island, the Alberta man thinks it would be a splendid thing to have it constructed, especially he thinks the work should be done at a time when employment is scarce in order to relieve the situation.

Most of the matters mentioned in the letter have been already dealt with in this paper from time to time and have engaged the attention of the Board of Trade but so far nothing has been done. It is well that we should be reminded of these things and especially from a resident of another province who would like to see progress made.

France Established In Germany.

France is already establishing herself in Germany and it will be difficult to oust her from the position she has taken. That is the chief difficulty in having territory of one nation invaded by another. When Japan invaded China she hung on for years and it was only strong pressure brought by outside nations that caused her to let go.

It is to be hoped that there will be no international complications as a result of France's action. The danger is that the trouble will come later. France is not likely to withdraw until the last dollar is paid, not only of the indemnity but of the cost of occupation which will amount to an immense sum.

Good Reports From Dome Mountain.

Good reports have been received from the Dome Mountain mining property, about 22 miles from Telkwa. It is gold bearing ore of pretty good grade and is one of the prospects that is likely to develop into a mine. Very soon we shall have the official report of the resident district engineer of Omineca in regard to it, and it is expected to be an optimistic one.

WAS THIS CASE ONE OF THOUGHT TRANSFERENCE

Sister of Prince Rupert Man Had Significant Dream at Montreal

An interesting incident which may or may not have something to do with the theory of thought transference which is being much discussed since the publication of Archbishop F. H. Du Vernet's announcement telling of his practical demonstration of the theory has just come to light in the city and was described in the Daily

News yesterday afternoon by Oliver Besner, proprietor of the Knox Hotel.

On November 9 of last year it will be remembered Mr. Besner had an accident with his new automobile when it backed off the railway grade into the harbor and he and three other occupants had a narrow escape from being drowned. On the same day, Mr. Besner's sister, Sister Ozelina, a nun in the Providence Convent at Montreal, had a dream in which she imagined that she and three other persons, her brother being one of them, was being smothered to death by water in a railway

tunnel. Having heard nothing of the incident which took place here on the same day, Sister Ozelina communicated with her brother here to inquire what was the matter. The letter was received by Mr. Besner before he had mentioned the matter of the local accident to his sister.

SOMETHING NEW IN CONCERT LINE IS COMING ON MONDAY

The Presbyterian Ladies' Aid is promising something entirely new in the way of entertainment at the symphony concert to be held under its auspices at the Empress Theatre on Monday night. Among the features of the program will be the numbers to be given by the Banjo and Mandolin Clubs, which have been training assiduously under Mrs. G. A. Bryant for some time in preparation for the recital. "A Descriptive Trip Down the Mississippi" is an item that is being shrouded with mystery and a surprise is said to be in store with

its presentation. The program for the concert will be as follows: Mandolin Club (a), Santa Lucia; (b), Gio. Juvenile Chorus. Hawaiian Trio. Humorous Readings. J. C. Brady. Descriptive trip down the Mississippi. Madyn Symphony for children. Group of songs, S. K. Campbell. Selections, Banjo Club. Piano solo, Mrs. W. E. Williams. Symphony Orchestra (a), Live Wire March; (b) Ducky's Dream of Home.

Ten Years Ago in Prince Rupert

At the eleventh hour today Mayor S. M. Newton announced his candidature for the mayoralty. Nominations closed today with the following candidates in the field: For Mayor: T. D. Pattullo and S. M. Newton; Aldermen: M. P. McCaffery, P. Mc-

Lachlan W. H. Montgomery, G. W. Kerr, G. Leek, D. W. Morrissey, A. H. Allison, D. Douglas, T. R. Maitland, G. B. Naden, G. W. Nickerson, D. Sutherland, F. M. Lammie, L. Bullock-Webster, S. M. Newton and John Dybhavn; for school trustees, S. D. Macdonald, F. A. Ellis, J. A. Kirkpatrick, O. H. Nelson, J. H. Thompson, and W. Shaw.

Shating has been prohibited on the Morse Creek dam but enthusiasts of the sport are finding the ice at Shawatlands in excellent condition.

STEWART

A Sullivan compressor arrived for the Fish Creek Mine last week. A start has been made on raxhiding the high grade ore out and some is now at Hyder await-

BEECHAM'S Sweeten the Stomach PILLS

ing shipment to the smelter.

Miss Stratford was Queen of the Pioneers' Carnival held last week at Hyder. Her rivals for the honor were Miss Helen Hall and Miss Crawford.

M. R. Jamieson left last week for New York in connection with mining business on the Salmon River.

L. S. Whittaker, formerly manager of the Bank of Montreal here, is opening a new store in town and is at present at Vancouver on business in connection with it.

Lawrence & Workmen have started operating their sawmill again with a view to having an ample supply of lumber for the coming summer trade.

Mother—Is your new friend, Margery, what I would call a nice girl, a dignified girl? Fair Undergrad—O, yes. Why when we have plays, we always give her the maid's part because nobody else has good enough manners.

Despaired of Life at 50 Strong and Well at 70

Mr. Jacob H. Macksey, 336 Midland Ave., Midland, Ont. writes—

"I have used Dr. Chase's Kidney-Liver Pills for over 20 years and I feel that I owe my life to them. I suffered severely from rheumatism and heart failure. One doctor just gave me one year to live, and even told me I might be found dead at any time. A neighbor advised Dr. Chase's Kidney-Liver Pills and I have been using them as needed ever since. I am now 70 years of age, weigh 217 pounds and can work as well as any young man."

Dr. Chase's Kidney-Liver Pills One pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.
