Waterfront Whiffs

is to run as fast as you can and then double back quickly. The animal in trying to turn will throw itself on its back and die of exhaustion. It lives on the insects which get caught in its whiskers. Cap is being approached to try and capture one on his next visit south. If he is successful it will be put on exhibit in the Admiralty offices at 10c, a throw and then you can see it for yourself, if you have the price.

Frank Davies Returns

Everybody is happy around the Athin Fisheries these days because the official nickel juggler, in the person of Frank Davies, has returned to roost after a few weeks absence in Victoria visiting his relatives. Of course Frank has had a good time over the festive season but is glad to get back with a chance of resting up. Speaking of conditions in the south Frank says that business is dull, and used an adjective which we dislike to repeat to emphasize how dull it really is. He says that even the Victorians are going out after an elevator and lots of other things, which is becoming quite fashionable. With all the good times down south this financial wizard is glad to get back to the waterfront and says he doesn't care if Christmas is another thirteen months distant.

Haysport Changes Hands

The Haysport, formerly owned by the Coulson Bros, has been sold to Harry L. Higgins, of Vancouver, which will be added to his small fleet of vessels now used in the south for commercial purposes. Her new owner gave her a trial trip on Thursday morning around the bay and seemed satisfied with her performance. Mr. Higgins left for the south, with his new charge, yesterday.

Ketchum Fleet in Action

The Wigwam, Capt. Claude Ketchum, took a tow of logs from Metlakatla to the Georgetown mill on Wednesday. The two scows, which were under repair in Cow Bay, have been completed and are now right side up in readiness for the spring and summer business.

Fish Business

During the week 141,200 lbs. of halibut have been marketed through the local fish exchange. The highest price paid was 16.9c and 8c, and the lowest 16.6c and 8c.

The arrivals were: Helgeband, Sumner, Commonwealth, Toodie, Adeline.

The President Leaves

Not the President of the U.S. but the power boat President, skippered by Frank Luckwood, left port on Thursday morning on a prolonged trapping expedition on the west coast of Porcher Island. Cap has had his eye on this portion of the globe for sometime past and is now out to prove his hunch.

The launch Gem, Capt. John Watson, which has been in port for some days to enable her owner to take care of some private business, left for Kilkatla Inlet on Thursday, her home port.

A Couple of Dollars

The Couple of Dollars, owned by Paddy Raymond, is undergoing gigantic overhauls at the hands of her skipper, assisted by his staff of expert artificers. The repair work is being done on the Raymond ways at Lookout Point. The interior is being entirely rebuilt in Kaien Maple, inlaid with clam shells, which gives the spacious saloon a very

perspiring effect. The deck is being relaid with cement to permit of roller skating in summer time. The engine is being remodelled and the power increased which will give the cruiser an increased speed of umpteen knots. It is Paddy's intention to have the craft in first class shape for the forthcoming summer season when it will be placed at the disposal of tourists for the purpose of visiting the beautiful picnic spots in the locality of Lookout Point. Paddy is a great believer in the slogan "Advertising pays."

Steve Disqualified

According to a report emanating from secret service circles Steve Carter was disqualified recently from participating in any future elections, either municipal or political, throughout the British Empire. It seems that Steve was challenged as to his nationality and he tried to pull the Britisher dodge. However, when asked to prove it he said that he was born in London, England, but this failed to do the trick, and his foreign lingo gave the game away. Although he insisted that he was a "bloke" the challenger said he would give him a poke if he persisted. Just to clear the matter up and prevent a war Steve said he didn't care to vote anyway. However, if his nationality is proved satisfactorily he will be forced to learn English as she is spoken.

Burdock Blood Bitters

Relieved Her of Headaches

Headache seems to be habitual with many people, and some, if any, are seldom free from it, suffering continually, and wondering why they get no relief.

In all cases of headache the treatment should be directed to the removal of the cause, and with the cause removed the headaches will vanish.

It is impossible to find a better remedy for headaches of every description that can equal B. B. B., acting as it does on every organ of the system.

Mrs. Douglas Hiscobrough, 280 McKenzie St., Sarnia, Ont., writes:—Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health.

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.
