

PREPARING TO BUILD CHURCH

Presbyterian Congregation Took Preliminary Step at Annual Meeting

COMMITTEE APPOINTED

A preliminary step towards the building of a new and suitable church was taken last night at the annual congregational meeting of the Presbyterian Church when it was decided to delegate Thomas McClelland, as chairman, to form a committee to go into the matter and obtain plans and specifications for such a building as the committee considered the church capable of financing at the present time. The resolution to that effect was passed by S. K. Campbell and passed unanimously. It considered the most important piece of business of the church's annual meeting which took the usual form of a supper followed by the transaction of the yearly business.

The matter of a new church was introduced by Rev. H. R. Grant who stated that the time was now opportune for its being decided. He had a telegram from the Board in Toronto stating that it was prepared to advance a loan of \$15,000. Architects Jeffrey had made a rough plan and estimated of a suitable permanent building which at the outside would cost \$35,000. It would be of Gothic style, 76 feet in length and 50 feet in width, with square tower. The body of the church would have a seating capacity of 300 and the gallery 425. On the main floor there would be a minister's study and parson room and in the basement a kitchen and ladies' lavatory. Dr. Grant felt that the church as planned could be built for \$5,000. It was needed and he would urge that something be done.

Tangible Proposition
J. L. Christie, church secretary, was asked to doubt the advisability of embarking upon a building project at this time of depression when it was a diffi-

GAINED 65 POUNDS!

"Five years ago when I was first married I had wonderful energy. I could be on the go all day long without feeling the least bit fatigued. I had a great appetite and could eat anything. I weighed 147 pounds. I used to be busy every minute of the day and, when the day was over, I could go to bed and never waken once during the night. Thirteen months ago my first baby was born. After that my energy seemed to leave me. I was tired all the time. I had to force myself to do my household duties. Instead of these duties became a real task. I lost all desire for food and nothing would tempt me. I had to make myself eat. I would go to bed at night and toss from side to side for hours at a time. After a while I would doze off only to find that I had been sleeping for ten or fifteen minutes. Naturally when morning came, not having slept, I started the day completely tired out. I was shaky and nervous. The least noise would startle me and make my heart race along. I could see that my husband was worried. I was losing weight every week and had already lost 34 pounds. I tried all kinds of tonics, but they didn't help me. One night, a night I shall never forget, because it started me on the way to health and happiness again, my husband brought in a bottle of Carnal. A friend told him that Carnal had saved his wife's life, so he insisted upon my trying it. Six weeks after I began taking Carnal, my weight increased from 95 pounds to 158, an increase of 65 pounds. And, am I well these days? Every morning I fairly jump out of bed ready to tackle anything and every minute of the day is a joy to me now."

Carnal is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return it the empty bottle to him and he will refund your money. 8-622

Sold by
Green's Drug Store and
McClelland's Drug Store.

Dr. Grant said he knew where the money was coming from if it would be forthcoming at all. Joe Greer suggested that some tangible proposition be brought forward by the directors for the congregation to deal with. S. K. Campbell put the suggestion into concrete form in the resolution which passed. When the committee has a report ready another meeting of the congregation will be called.

called to take further definite action.

Other business at the meeting included the receiving of annual reports of the various departments of the church and the election of trustees and managers.

"The church is today more than ever a necessity in community and national life," said Dr. Grant in presenting his annual report. "The world is at present upset for we have built up an industrial and commercial machine which we cannot run. In order to run it we must make corresponding strides in our moral character and the church is the greatest instrument to meet this end. Our church has contributed something to the community that is valuable indeed and the value of the church to any community is always recognized. There has been a deepening interest in the church during the past year and, while the city has been at a standstill, taking a breathing spell preparatory to what we hope will be its greatest scout, it has kept its head above water financially."

Membership Increased

Dr. Grant reported a membership this year of 112 as against 107 last year. There had been 15 baptisms and 12 marriages. Sunday School attendance had been from 115 to 120. Lack of accommodation for the Sunday School was detrimental to the success of the work and this was one of the chief reasons why a new church should be built.

Speaking of the possibility of union with some of the other churches of the city with a view to solving the building question, Dr. Grant expressed the view that this would not be practicable at the present time.

Dr. Grant thanked the congregation for its confidence and expressed his content in the work here.

Ladies' Aid Report

The report of Mrs. Teng, secretary of the Ladies' Aid, showed an enrollment of 24. The Aid had had many activities and had done much work. Its financial condition was particularly satisfactory and it had quite a reserve balance on hand.

Financial reports for the congregation by J. L. Christie and for the Sunday School by W. F.

Dupean showed a healthy condition although there was little or no improvement over last year.

George R. Naden, Hon. A. M. Manson, and F. G. Dawson were re-elected trustees of the church and F. G. Dawson, G. H. Munro and D. C. McRae, retiring managers, were also re-elected without contest.

Votes of thanks were tendered by the meeting to the Ladies' Aid, the Choir under Mrs. Dutton, the Sunday School superintendent, teachers and officials, the pastor, Rev. Dr. H. R. Grant, and the auditor, J. Lorne MacLaren.

DANCE AT TELKWA UNDER RECREATION CLUB WAS SUCCESS

Number of Young People Drove Over From Smithers For Event

TELKWA, Jan. 18.—Under the direction of the newly formed recreation club, a very successful dance was put on in the Town Hall on Monday. The floor was in fine condition, and Gray's Orchestra supplied the music. Mrs. B. M. Hoops, Mrs. Ernest Hoops and Miss D. G. Thompson arranged the supper which was served about midnight. The whole affair was most enjoyable, and the question being asked now is: "When do we have another?"

Many of the younger Smithers people drove over to take in the event.

GRANBY'S FUTURE IS AS CUSTOM SMELTER

Cost of Production Was Nine and Half Cents Says Bulletin

ALL LOOKING TO NORTH

VANCOUVER, Jan. 18.—Burdick, Logan & Co.'s stock market bulletin makes interesting reference to northern mines. It says: "Greater interest is being manifested in Granby. A New York specialist is of the opinion that Granby's future is as a custom smelter to handle ore from the great properties now developing in Northern British Columbia."

BRITISH CONSOLS CIGARETTES

MILD, SWEET, OLD VIRGINIA

For pipe smokers who prefer straight Virginia there is nothing finer than BRITISH CONSOLS TOBACCO

10 for 18¢
20 for 35¢

The Tobacco with a heart

With its own coal mines at Cassidy, Granby is a complete smelting unit. Granby's copper production for 1922 cost 9 1/2¢ per pound with average selling price 14¢. Indications are that the Premier will easily outstrip the Hollinger in 1923 in gold production, and that when the mine is in full swing, the records of the great City Deep and Modderfontein properties in Johannesburg will go by the board.

Reports are that the Premier is not the only good property in the north. Financial and mining men look to the north to re-establish B.C.'s mining reputation.

COPPER SHORTAGE IS PREDICTED NEW YORK

Sale in December Amounted to 300,000,000 Pounds

NEW YORK, Jan. 18.—"The world is facing shortage of copper because of record consumption indicated by the sale of 300,000,000 pounds in December" is

the opinion of Jac. J. Godfrey, President of the Motherlode copper mines. He said that the consumption in 1923 will be about two and one half billion pounds, while production cannot exceed 2,000,000,000. The peak production was 1,928,000,000 in 1916.

The deal under which control of the Chile Copper Co. will pass to the Anaconda Copper Co. virtually has been consummated and a tentative plan worked out for financing this and other requirements of the latter company. The transaction is understood to involve the purchase by Anaconda from the Guggenheim interests of 2,000,000 shares of Chile copper stock at \$35 a share, a total of \$70,000,000.

PADDY KILMARTIN CONVICTION WAS QUASHED YESTERDAY

Paddy Kilmartin, of Terrace, went on his way rejoicing yesterday afternoon when his appeal

against the conviction of Justice of the Peace T. J. Marsh and T. J. Kirkpatrick sentencing him to six months imprisonment for allowing liquor to be sold on his premises was sustained and the conviction quashed by Judge Young who found that there was insufficient evidence to convict. Archie Donaghy represented the crown and L. W. Patmore, of Patmore & Fulton, the defence.

STANDARD OIL CO. WILL DRILL FOR OIL ALASKAN PENINSULA

NEW YORK, Jan. 18.—Standard Oil of California and Associated Oil Company are preparing to drill for oil at Portage Bay, Alaskan Peninsula. The scene of operation is Pearl Creek Dome, 17 1/2 miles northeast of Kanatak, where drilling is expected to start before the spring of 1923. Only oil produced in Alaska in 1922 was from eleven small wells in Katalla field which supplies the local market with gasoline.

JANUARY CLEARANCE SALE

This is a genuine sale and the prices quoted will not permit of other than cash business. See our bargains and compare well before ordering from mail order house display catalogues. We have the money where you can examine them, and we believe our prices compare favorably, quality considered, with those of the mail order houses.
