### DAILY EDITION

SATURDAY, October 13, 1923.

### All Depends Upon Spirit Of Freedom.

The elasticity of the British Empire has proved its salvation. It is scattered all over the world and has no cohesion except that of sentiment, yet it is strongly bound with ties that hold it tight. Mackenzie King, representing Canada in London, rightly epitomized the situation when he stated that it would remain indissoluble as long as it rested upon the full, complete and untrammelled autonomy of its component parts.

It is worthy of mention that the only parts from which there are heard any rumblings of dissatisfaction are from the parts which have not that full complete and untrammelled autonomy of which the Canadian premier speaks.

### Property Owners May Be Useful.

The newly formed property owners' association may quite well fill a useful purpose in the life of Prince Rupert. They get away to a good start with a very good list of officers, men of moderate tendencies and reasonable aspirations. The difficulty in some other cities in forming associations of this kind is that they have been made up largely of extremists. In Victoria, for instance, they were mostly men who never did anything to forward the interests of the city but who voted "No" on all bylaws. If we gauge the newly formed association right, they are not a negative association but the members are all keenly interested in the progress of the city industrially, socially and morally.

### Make Prince Rupert Finest Place.

Miles Higley, addressing the Rotarians Thursday, urged the members to make Prince Rupert the finest place on the continent. In this he did not mean only that it should have fine buildings, fine streets and sidewalks, avenues of trees and beautiful gardens. He meant also that the conditions of life here should be such that the finest young men and women should be developed. A city is made up of a community of men, women and children, and if these are of the right calibre there is no need to worry about the quality of the streets, the buildings and the gardens and boulevards. Given the right kind of men and women, the rest will follow.

There are a lot of men and women in this city who are making money, yet they hardly ever spend any of it in a way that will benefit the city. There are others who are not making very much but they put every dollar of it into improving their places or enlarging their interests here. What every city needs is a sufficient number of local patriots and it is bound to succeed.

### Encourage Local Industry.

When the sawmill opened in this city it was given a low rate on electrical power. Then when it began to operate there were a number of city officials and others who continually grumbled because the mill had such a low rate. Now the grumblers see the folly of their ways. If the mill had continued to operate we should not have had such a hard time here last spring. What we need is to have that mill again operating and extending its operations to include a pulp mill. If it comes to us with a proposal for reasonable treatment, the people here today will be in the humor to treat reasonably with them. A pulp mill in this city would be worth a great deal as it would provide steady employment for many well-paid workers and would increase the business generally including transportation.

## Eczema Covered Arms of This Healthy Child

Mrs. Alex. Marshall, Sprucedale, Ont., writes:—

Baby Marshall.

"When my little son was three months old he broke out in sores on his chest and arms. We did all we could to heal those terrible sores, but nothing did him much good. Finally I ventured on a box of Dr. Chase's Ointment and kept on using it. At last we were rewarded by the steady healing of the sores, and finally he was completely relieved of them. He is now three years old, and has had no return of the trouble since."

### DR. CHASE'S OINTMENT

50 cents a box, all dealers or Edmanou, Bates & Co., Ltd., Toronto.

## ANYOX COMMUNITY LEAGUE DEALS WITH FEW MINOR MATTERS

Dr. Harper is Now President With J. Jones as Vice Remainder of Year

ANYOX, Oct. 13.—The regular meeting of the Community League Council was held in Recreation Hall, the following councillors attending: Secretary-treasurer Townshend, Mrs. Cloke, Mrs. Dwyer, and Messrs. Harper, Jones and Yard. The secretary's report stated that in connection with the gymnasium the Granby Company would furnish estimates of gallery construction and pipe installation for fuel oil between the tank and building in the near future. The dance of the Tennis Club had been postponed until the latter part of November. The Moose Lodge would hold its dance on Monday, October 15, the date originally set for the tennis dance. R. Armour, local representative of the Northern British Columbia Polytechnic, had been granted the use of Recreation Hall on Monday, October 8, for the purpose of organizing the Polytechnic classes. An arrangement had been concluded with Mr. Stringham for the placing of a barber chair in the pool room. Mr. Stringham to assume all expenses in connection with its installation and pay a monthly rental of \$20. Additional shelving for the library books had been arranged for, and would shortly be ready. A report was submitted on baseball and football activities, and the status of the tennis club was also shown. After all expenses had been paid, the amount in hand to be divided between the three clubs' fielding teams was \$286. Owing to the extensive alterations which had been made to the tennis courts at the beginning of the season, the deficit for the year would be \$271.50.

The council adopted the report and endorsed the arrangements made with Mr. Stringham and the secretary's action in connection with the tennis and Moose dances. The second and fourth Wednesdays in each month are now to be the regular League meeting nights.

Because of the resignation of W. Callanan as president of the league, Dr. Harper was elected to the office, and J. Jones was chosen vice-president. The council then appointed L. Ingram as councillor to serve until the annual meeting in February. It was decided that a letter of thanks be tendered Mr. Callanan on his departure from Anyox. Dr. Harper asked the council for the use of Recreation Hall for concert purposes some time in December. The request was granted, the secretary to make arrangements. Mr. Yard suggested the league should provide some form of dramatic entertainment, and this was agreed to.

## SMITHERS

The Diamond Belle and Silver Queen mining properties in the Owen Lake country about 26 miles from Houston have been acquired by the Federal Mining Co. The Silver Queen belonged to Dr. H. C. Winch of Hazelton and the Diamond Belle to Jim Cole of Houston.

In the course of a tour of Canada for the purpose of investigating agricultural conditions and opportunities, Charles Reid of Belfast, correspondent of several Irish publications, visited the Bulkley Valley last week.

An examination of the Coronado property on Hudson Bay Mountain was made last week by D. J. Williams.

Miss Jean Sangster, formerly public school teacher here, writes a letter to her father describing the recent fire in Berkeley, Cal. She was there at the time.

Mrs. J. P. Wheeler of Telkwa is in the local hospital recovering nicely from an operation she underwent last week.

H. C. Lifton has left for Victoria to attend the funeral of his father who died last week.

Mrs. A. Kilpatrick is here from Winnipeg visiting with her sons, Jack and Norman.

Rev. Mason Doyle, B.A., of Toronto, secretary for the religious education department of the Methodist Church in Canada, will preach here next Sunday evening.

## The Man in the Moon SAYS:—

ONE of the most often told fairy stories is "Not Guilty, your worship."

A MAN learning to drive a car looks very much like a man learning to dance. Both are very uncomfortable.

IT'S easy enough to be pleasant when everything's sunny and bright.

But the guy worth while is the one who can smile when his girl takes a sudden flight.

WHEN you next find yourself sitting in your boat looking at a cold but stubborn engine that refuses to respond to treatment while a boatload of expectant picnickers make unpleasant remarks and offer foolish suggestions, remember "Adversity makes men wise."

NEVER judge a sausage by its skin or a motorboat by its paint.

If you make mistakes, let them be new ones each time.

I'VE rolled along on roller skates and pedaled on a bike. I've shared a farmer's wagon seat and often had to hike. I've travelled in a Pullman car and on a ship at sea. But little old Elizabeth is good enough for me.

## Ten Years Ago in Prince Rupert

October 13, 1913.

James N. Wilson, manager of the city telephone system, has advised Mayor Newton that he will have to remain in Scotland on account of his wife's health and therefore must resign his position. Sam Massey is acting manager.

Alfred Wright is in the city from Toronto visiting with his son, A. E. Wright, Fifth Avenue East.

Contractor Gillett has charge of the construction of a new wharf for the federal government at Queensdown on Massett Inlet. It will be 650 feet long and one of the most substantial in local waters.

After two weeks spent on the property, F. B. Chettleburgh and L. V. Rice have returned to Telkwa from the Copper River coal fields. Mr. Rice made an examination of the property for the National Finance Co. of Vancouver to which he will report.

The new Langara Island lighthouse on the north end of the Queen Charlotte Islands has just been put in operation and very soon the tower at Cape St. James on the south will be ready.

George A. McNicholl, G. T. P. superintendent, has been appointed commissioner of the colonization and industrial department of the company. He will return to the city this week after having spent the past four

## PROMINENT WOMAN GIVES HIGH PRAISE

months in the Yukon and Alaska for the purpose of gathering certain data for the company.

## TENDERS ARE CALLED FOR PUBLIC WORKS IN SKEENA CONSTITUENCY

The Dominion department of public works is calling for tenders for wharf extension and repairs at Bella Coola, the bids to be in the hands of the department before the end of the month.

An office dwelling and boat landing is to be built by the Dominion public works department at Schooner Passage, in this district. Bids for this work have to be in the hands of the public works department at Ottawa before November 2.

## CARNIVAL QUEEN SAW HERSELF IN MOVIES IN SOUTH

While in Portland recently accompanying her daughter on the tour she won as a result of the Fair Board's carnival queen contest, Mrs. C. Henriksen saw moving pictures of the parade and floats here during Fair Week. The fishermen's and Moose float containing her daughter, Miss Adeline Henriksen, the queen, and her maids of honor were very distinct. The picture is being shown in connection with news zettles through the United States.

W. J. Thams arrived from U.S. last evening and is registered at the Hotel Prince Rupert.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for office-dwelling and Boat Landing at Schooner Passage, B.C." will be received at this office until 12 o'clock noon, Friday, November 2, 1923, for the construction of an office-dwelling and Boat Landing at Schooner Passage, Skeena District, B.C. Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer, Post Office Building, Victoria, B.C., and at the Post Offices, Vancouver, B.C., and Schooner Passage, B.C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

Note.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$10.00, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,  
R. C. DESROCHERS,  
Secretary,  
Department of Public Works,  
Ottawa, October 4, 1923. 243
