ANGLICAN BAZAAR WAS FINE SUCCESS

Ladies' Auxiliary Realizes \$516 as Result of its Annual Effort

The efforts of the Ladies' Auxiliary of St. Andrew's Anglican Church at the annual bazaar held yesterday afternoon in the church met with very gratifying success, something in the neighborhood of \$516 being realized. The various stalls and the tea room were artistically decorated with flowers, fall foliage and candles and the effect was very pleasing.

Mrs. R. L. McIntosh was convener of the tea room committee. Mrs. F. H. Du Vernet and Mrs. J. H. Pillsbury poured and those assisting were Mrs. J. C. McLennan, Mrs. H. St. G. Lee, Mrs. J. P. Cade, Mrs. C. V. Eviit, Mrs. George E. Gibson and Mrs. Bert Greer.

Other departments were presided over as follows: Needlework—Mrs. A. E. Wright (convener), Mrs. C. H. Orme, Mrs. M. M. Stephens, Mrs. H. T. Willett and Mrs. E. McGoskie.

Home Cooking—Mrs. A. E. Bazzett-Jones (convener), Mrs. Adam Mackie, Mrs. C. F. Kemp and Mrs. Jack Barnsley.

Gandy—Mrs. D. W. Bone assisted by the Girls' Auxiliary. White Elephant—Mrs. H. E. Tremayne (convener) and Mrs. Reginald Beaumont.

Handkerchiefs—Mrs. C. C. Mills (convener), Mrs. G. A. Woodland and Mrs. A. R. Nicholls.

Men's Stall—Alex. Rix (convener), Miss Pete Tremayne and W. H. Hamilton.

The bazaar was formally opened at 3 o'clock by Archdeacon G. A. Rix. Mrs. H. T. Willett is president of the Auxiliary.

NO PRESENT CHANGE IN TIME OF OPENING SCHOOL IN MORNING

Recommendation from Inspector Is Not Acted Upon but Matter Left Over for Present

A recommendation from Inspector Fraser that the schools should open at 9.30 during the winter months and that the time should be made up in the summer was presented to the Board last night by the supervising principal. The objection to the present system was that it was early for the little folks to get out on dark mornings.

Trustee Montgomery agreed with this proposal as he said he had five children of his own and he knew it was difficult to get them away to school in time on the dark mornings.

Dr. Kergin opposed as did also the principals of the public and high schools, the chief objection being that pupils would have to stay in and work during the summer when they should be out in the sunshine.

S. E. Parker said he had heard no complaints and until there was a demand for a change he did not think they should take any action.

Principal Brady said he had at one time thought the present scheme would prove a hardship but since seeing it in action he approved.

The matter was left over for the present.

HAD A WEAK HEART WAS VERY NERVOUS FOR THREE YEARS

Miss Jessie Peterson, Zealandia, Sask., writes:—I wish to let you know how much good Milburn's Heart and Nerve Pills have done for me.

For nearly three years I was very badly run down, had a weak heart, and was so nervous that sometimes I would almost faint away.

I heard of many people who had recommended your Heart and Nerve Pills, so I decided to give them a trial. After I had used two boxes I found they had done me good, and after having taken five boxes I was completely relieved.

I cannot recommend your Pills enough, and I would advise anyone having a weak heart or troubled with nervousness to use them.

Milburn's H. & N. Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Bain, G. W. Nelson, Mr. Williams, C. W. S. Tremain, Mrs. J. Stewart, F. Bagwill, C. Rowbotham, M. Macleod, W. Myuskovich, Miss V. Brown and Mrs. G. T. Brown and child.

NEED OF PLAY SHEDS AT ALL LOCAL SCHOOLS

The need for more playsheds at the schools was mentioned at the school board meeting last night, but as the board had no funds on hand the matter was dropped for the present. Dr. Kergin asked the board to keep the matter in mind as he thought there should be a covered playshed at each school. The winter so far had been a mild one but usually the sheds were needed badly.

The frequent change of text books by the education department was objected to last night at the school board meeting by W. H. Montgomery. It was explained that it was largely due to the scheme for standardizing the text books throughout the Dominion in order that pupils might not have difficulty in moving from one province to another. The Trustees Association had already passed a resolution objecting to frequent changes.

TUXIS BOYS HEAR DR. WEST SPEAK

Address on "Ideal Athlete" Last Night Proved Practical and Interesting

Taking as his subject, "The Ideal Athlete," Dr. John A. West delivered a practical and interesting address before the Tuxis Boys, who were out in force at their monthly supper in the Methodist Church club rooms last night.

The doctor declared that superiority among athletes was largely a matter of health, and health was largely a matter of proper eating. The speaker outlined what, when and how to eat. He said that the mind was a great factor in athletics and it must be active and educated. Many would-be athletes with splendid bodies would never be successful because their minds were lazy and untrained.

Following the address, the boys put on an exhibition basketball game in the gymnasium. It was the first game Dr. West had ever seen and he evinced much interest in it.

SCHOOLBOARD NOT ANYTHING TO DO WITH POLYTECHNIC

The school board at its meeting last evening refused to have anything to do with the affairs of the Northern Polytechnic Institute against which there are a number of claims.

Secretary Vance reported that he had written J. Pinder Moss asking him to meet the board in connection with certain matters but this had not been done. Mr. Pinder Moss explaining that all documents were in the hands of the official receiver.

The secretary explained that no official receiver had been appointed but the documents were in the hands of W. E. Fisher, solicitor.
