ECZEMA

**Hands Were Raw
Would Crack and Bleed**

Ecema or Salt Rheum, as it is com-
monly called, is one of the most agonizing
of skin diseases. The intense burning,
itching and smarting, especially at night
or when exposed to heat, are almost un-
bearable and relief is gladly welcomed.
The pre-eminent success which

Burdock Blood Bitters

has met with in permanently removing
a disease of such severity is due to its
wonderful blood cleansing and purifying
properties.

Mrs. M. R. Willard, Dudswell, Jct.,
Que., writes:—"For about three years I
had eczema, in a very bad form, on my
hands. They were all raw and would
crack and bleed so that I could not do my
housework. I tried everything I could
think of without any results. At last I got
a bottle of Burdock Blood Bitters, and
when I had it about all taken I could see
it was helping me; by the time I had taken
five bottles my hands were all well again
and I have not been bothered since. I
cannot praise Burdock Blood Bitters
enough."

**How to Foil Wind and
Weather on Washday**

From now until spring a battle that endan-
gers health must on washday be waged with
rain and sleet.

That, or drying the washing in the cellar or
attic, with its attendant inconvenience and
sour smells.

Of course we can not order weather to our
fancy, but if you would laugh at mud and
water, save your health and keep your hands
and face free from chapping and roughness,
telephone us.

Next, bundle up your family washing and
have our driver call for it.

In our laundry your things are initialed
where the mark never shows. Everything is
sorted, too—table linen is washed only with
table linen, hosiery with hosiery. There is no
indiscriminate mixing. And it is laundered in
fleecy suds of silky softness.

The weather, and the hardship of fall and
winter washing need never be a source of
worry. Use your telephone and let us
help you.
