Save Fuel in Cooking

Boils in 5 minutes

Boils in 8 minutes

The illustration shows an interesting test you should try in your own kitchen. It proves the superiority of good enameled ware for cooking purposes. Take an SMP Enameled Ware Sauce Pan, and a sauce pan of equal size made of aluminum, tin or other metal. Into each pour a quart of cold water. Set both sauce pans over the fire. The water in the SMP Enameled Ware Sauce Pan will be boiling merrily in about five minutes, while the water in the all-metal sauce pan will come to the boil in about eight minutes—three minutes longer. Save fuel in cooking. Use

SMP Enameled WARE "A Face of Porcelain and a Heart of Steel"

Three finishes: Pearl Ware, two coats of pearly-grey enamel inside and out. Diamond Ware, three costs, light blue and white outside, white lining. Crystal Ware, three coats, pure white inside and out, with Royal Blue edging.

Baby cutting Teeth was very Sick

When the baby starts to cut its teeth, specially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety.

There is no remedy so safe and effecthe teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsation of so many Canadian mothers during the past 78 years it has been on the market.

Mrs. C. W. Myers, Clanwilliam, Man., writes:- "My baby girl was very sick replay. with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me out a bottle of Dr. Fowler's Extract Wild Strawberry. I gave her a few doses and the next day she was much better, and in a couple more days she was as well

"Now, I always keep 'Dr. Fowler's' in the house and recommend it to all those troubled with diarrhoea." Price 50c a bottle; put up only by The . Milburn Co., Limited, Toronto, Ont.
