Rubber Balls

Miller Rubber Balls are in a class by themselves. They are of thicker rubber, more elastic and will bounce higher than any rubber ball you ever saw. Large shipment direct from factory, hence fresh and doubly elastic.

These balls are priced within the reach of all. A big turnover must be had.

Reach Sporting Goods

We have a complete line of the Reach goods which we sell at catalogue prices. Send for catalogue.

IT IS YOURS

Five-sixths of the timbered area in B.C. belongs to the People.

Each year it is increasing in value as the more accessible timber is cut.

In 1922 there was received from the sale of such timber the sum of $620,000.

This helped to keep your taxes down, and to build up the Province.

Green Timber is British Columbia's assurance of perpetual prosperity

Why Burn It?

VAST HARVEST OF VEGETABLES GROWN IN RUHR DISTRICT

As Result of Unemployment German People Get to Work in Gardens

ESSEN, Germany, July 14.—When the German workers in the Ruhr, following their policy of passive resistance, declined to work for the French and the Belgians, they turned in large numbers to market gardening. Sixty thousand railway employes alone quit work, and many of them turned to field activities.

As a result the district is producing a vast harvest of vegetables and grain, and a real "back-to-the-land" movement is under way.

ST. PATRICK'S BELL IS DISCOVERED IN AN IRISH ABBEY

BELFAST, July 14.—The ancient ecclesiastical bell of Nendrum, given to St. Mochaoi on his ordination by St. Patrick, has been found by workmen during the course of excavating the ruins of Nendrum Abbey.

The workmen found the bell hidden in an angle of the ancient foundations for the walls, while clearing away the debris which had collected for centuries.

The bell is made of riveted wrought iron, originally covered with a coating of bronze, and except for a crack at the base and a portion of the handle, which has been broken off, it is in perfect condition, though much corroded.

AERIAL SPORT IS GREAT SKILL GAME

Golf Ball is Used in Dropping Contest from Air on French Coast

LONDON, July 14.—A golf putting competition from aeroplanes in flight is one of the attractions devised to entertain delegates of the British, French and Aero Clubs at the "aerial week-end" held at Le Touquet on the French coast. A special green has been marked out on the links for the aerial golfers. The hole, 16 inches in diameter, is surrounded by a broad white ring. The competitor must not come lower than 25 feet from the ground and must try and drop his ball—an ordinary golf ball—into the hole.

A variation of this "game" was tried out at Chicago the other day, with players on the ground playing the ball from where it was dropped by the ones in the plane.

The Massett Timber Co.'s steam schooner El Cedro is at Buckley Bay loading a full cargo of lumber for Los Angeles.

Mrs. W. Gratton and daughter are sailing tonight on the Prince Rupert for Vancouver enroute to Los Angeles on a holiday visit. Mr. Gratton left recently for Europe where he will spend several months.

The Union steamer Venture, Capt. A. Johnstone, arrived from the south at six o'clock yesterday afternoon and sailed shortly afterwards for the Naas. The vessel was back southbound for Vancouver at noon today.

Repairs to the C.G.M.M. steamer Canadian Scottish in the local shipyard will be completed by Monday it is expected and the vessel will sail early in the week for Vancouver and Vancouver Island where he will load a cargo of lumber for the Orient.

J. O. Stenbraten, well known in northern mining circles; was a passenger bound for Stewart on the Prince Rupert yesterday afternoon.

Mrs. M. McDonald and Mrs. F. M. Crosby were among the passengers returning from the south on the Prince Rupert yesterday afternoon.

Mrs. A. R. Phillips, Eighth Avenue West, is sailing tonight on the Prince Rupert for Victoria on a holiday trip. Her son will accompany her.

Mrs. Nicklin, of Winnipeg, is spending the summer in Prince Rupert and has taken up residence in the McMordie apartments during her stay.

L. W. Patmore returned yesterday afternoon from Victoria where he went to represent the G.T.P. Development Co. in its assessment case before the Court of Appeals.

Mr. and Mrs. William Balagno arrived this week from Ketchikan and will spend some time in the city before returning north. Mr. Balagno intends to get in a fishing trip to Khtada Lake.

Two mining men, Messrs. Davies of Smithers and W. H. Darby of Usk, have completed an examination of two properties up the Copper River, the Dardanelles and Snowflake groups. These are silver-lead properties and are said to be valuable.

M. M. McLaughlan, manager for Brackman-Ker Ltd. in this city has received word that the funeral of the late D. R. Ker will take place on Monday and the store will accordingly be closed between the hours of one and three out of respect for the former president and general manager of the company.

H. S. Munro, general manager of the Granby Company and Dr. J. A. Bancroft, the eminent geologist, are expected to arrive here early in the week enroute to the B.C. Iron Pyrites mine, better known as the Dunsmuir mine, at the headwaters of the Ecstall River which was recently bonded by the Granby Company.

The fire department had a call at 6.25 last evening to 636 Seventh Avenue East where sparks from the chimney had ignited the roof of an old building of the Prince Rupert Sash & Door Co. occupied by Gus Selvin, watchman. The blaze was put out with despatch and there was practically no damage.

Dale L. Pitt, manager of the Premier mine, and H. McDonald, mine superintendent, who returned last week from Juneau where they went to study mining methods, sailed for Stewart on the Prince Rupert last night. Mrs. Pitt and family joined Mr. Pitt here and proceeded north with him. They had been on a holiday trip south.

Ladies' Wear Clearance Sale at Goldbloom's Wednesday next. Watch for announcement.

Miss Alice B. Marcellus, teacher in the domestic science department here, has started her class in home economics at the provincial summer school at Victoria.

Albert Farrow, steamboat inspector, who arrived early in the week from Vancouver in connection with the docking of the C.G.M.M. steamer Canadian Scottish, is returning south on the Prince Rupert tonight.

R. H. Gray of New Westminster, is returning south on the Princess Beatrice this afternoon after having spent the past week in the city visiting with his daughter, Mrs. James L. Lee, Eleventh Avenue East.

A. L. Carruthers, former public works district engineer here and now superintendent of bridges for the provincial government, is expected early next week from Victoria. He will make his annual tour of the district in company with Major R. M. Taylor, district engineer.

The C.P.R. steamer Princess Beatrice, Capt. Cliff, arriving from the south late this afternoon, will bring another carload of mild cured salmon from Balmoral Cannery for transshipment east over the Canadian National Railways. This will be the last trip of the Beatrice for a fortnight to Prince Rupert. She is going to the Comox run to relieve the Charmer and the Tees will operate in the meantime as far north as Swanson Bay.

George McAfee, manager of the Big Bay sawmill at Georgetown, is in the city on business today. Mr. McAfee states that the mill is closed down on account of water shortage and as a result it is not expected that the plant will contribute to the cargo being shipped from here to the Orient by C.G.M.M. Canadian Highlander late this month. Considerable shipments of stock have been going east from the Georgetown yards through this port recently.

Major R. M. Taylor, provincial government district public works engineer, is expected back on the Princess Beatrice this afternoon from Bella Coola to which point he accompanied Hon. T. D. Pattullo, minster of lands, Hon. Dr. W. H. Sutherland, minister of public works, and P. Philip, chief engineer, after their visit to Prince Rupert and the Queen Charlotte Islands. The ministers proceeded south without returning to Prince Rupert after visiting the Islands.
