SALMON RIVER AND ITS MINES

History of the District Outlined
in Official Geological Report
by Schofield and Hanson

"The development in British Columbia of a mine from a prospect is usually a long and costly operation requiring an outlay of capital far beyond the means of the ordinary prospector, but the discovery of the Premier Mine in the Salmon River district and the Dolly Varden mine in the Alice Arm district proved conclusively that there are deposits in British Columbia which can be made to 'pay from the grass roots' and come in the category of 'a poor man's proposition.'"

This assertion is made in the memoir on the geology and ore deposits of the Salmon River district, British Columbia by S. J. Schofield and G. Hanson, Dominion Government mining engineers, which has just been issued from Ottawa.

"The discovery of rich silver bearing veins in the Salmon River district in 1914 re-awakened interest in mining in that part of British Columbia," the report continues. The type of ore deposits rich in native silver—sometimes amounting to 1,000 ounces to the ton—was new to British Columbia.

History of District

"The early history of mining in Salmon River district is intimately bound up with that of Portland Canal district, of which it is a part. The metalliferous character of the Portland Canal mining district was first discovered by a party of prospectors in 1898, the year of the great Klondike rush. They were searching for placer deposits, but failing to find pay gravels turned their attention to prospecting for quartz. The Roosevelt and other claims on the north fork of Bitter creek were staked in 1899 and the Mountain Boy and American Girl on American creek in 1902. The Alaskan boundary at that time had not been defined, and the claims were staked under the United States laws, but were subsequently restaked and recorded in British Columbia. The Redcliff, which could hardly escape notice as the outcroppings showed up prominently on the mountain side, was first staked in 1898, and has lapsed and been restaked several times, the last time in 1908.

"The earliest mention of prospecting in Salmon River district is in the report of the Minister of Mines for British Columbia for 1904, where it is stated that Messrs. Harris and Rearick of Ketchikan, located six claims composing the Silver Lake group and that Dan Lindeborg located four claims on the summit of Bear River ridge between Silver Lake group on Salmon river and the American group on Bear river. In the report of 1911 it is stated that the Big Missouri was also staked in 1904.

Some of the claims now owned by the Premier Gold Mining Company were staked in June, 1910, by Wm. Dilworth and Bunting Bros., but it was not until the summer of 1914 that W. J. Rolf found high-grade ore (8500 a ton in gold and silver) on these claims. The discovery revived interest in the district and the well-known rush of 1915 and 1916 followed, during which all available ground was staked. Prospecting and developing of these claims continued to the time the area was geologically mapped, in 1920.

The Coughs and Colds of Children

Only the mother knows how hard it is to keep the children from taking cold, they will get overheated and cool off too suddenly, get their feet wet, kick off the clothes at night, and do a dozen and one things the mother can't prevent.

A great many mothers are now giving their children

Dr. Wood's Norway Pine Syrup

It is pleasant and nice for them to take and relieves the cough or cold in a very short time.

Mrs. J. Wilson, Portage La Pétrie, Man., writes: "I have used Dr. Wood's Norway Pine Syrup for my five children. My little girl, two years old, had a very bad cold last winter, which I thought was croup. I had some 'Dr. Wood's' in the house so gave it to her and she was fine the next day; also my baby, three months old, had a bad cold and I gave it to him. It cuts and brings up the phlegm, and is the best cough medicine I ever used."

Price 35c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

WHIST DRIVE AND DANCE BY ORANGE LODGES IS GIVEN

The Loyal Orange Lodge and the Loyal Orange Benevolent Association entertained jointly last night at a delightful whist drive and dance in the Metropole Hall. There were about 125 persons in attendance. The winners at the 21 tables of cards were: Ladies' first, Mrs. W. J. Greer on a cut with Mrs. Priest; gentlemen's first, O. Stegavitz; ladies' second, Mrs. Morrison; and gentlemen's second, P. Pegavitz. Refreshments were served and then the dance commenced. Arthur's Orchestra furnished the music. Later Piper McDonald called in and provided music for a Schottische and the Highland Fling executed by John Murray.

Alex. Meltre was master of ceremonies. Mrs. Keith was at the door and the joint committee comprised W. C. Keith, Alex. Mackenzie, Alex. Meltre, Mrs. G. Keith, Mrs. S. L. Warrior and Mrs. Prendegast.

Sport Chat

"One of the best outfielders in Seattle's semi-pro baseball ranks and now being called the best basketball guard in the city," is the way the Seattle Times describes Charlie Clementson, the former prominent athlete of this city, who is now established in the southern metropolis. In paying tribute to Clem's athletic prowess the Times in a recent number runs a long article on his history in sporting activities and also publishes a big cut of him showing his burly figure and well-known smile in the uniform of the Knights of Columbus basketball team of Seattle of which he has been the starting member this winter.

Describing him as a real

BAL-SA-ME-A FOR COUGHS AND COLDS

A few doses of Balsamea—and coughs and colds disappear completely. Balsamea loosens the phlegm and clears the lungs and bronchial tubes.

BALSAMEA, although powerful in action, is free from all harmful drugs. Children take it willingly because it tastes good. Relief guaranteed or money refunded.
