DR. GRANT ADDRESSES LOCAL ROTARY CLUB

Tells of Visit to Olympia Where He Found People Just Like Canadians

At the Rotary Club luncheon this afternoon President Hugh Grant gave a report from the district conference which he attended recently at Olympia.

Dr. Grant said it was his first visit to the United States and he was impressed with the fact that the people he met there were much like ourselves. They were just about as friendly as the people here, just as hospitable and in every way just as fine people.

It was reported there that nine service clubs of somewhat similar type to the Rotary Club were in existence, the latter being the original. There was no jealousy one of another or rivalry except insofar as they could be of service to the community.

The Canadian delegation was a representative group and they were looked up to just as much as that of the American delegates.

One of the great features emphasized by the Olympia conference was that of regular attendance. It was felt that any member who could not attend the meetings should drop out as he was filling a position which might better be filled by another. Attendance was the price of Rotary and was compulsory.

A good many suggestions were made which were of interest to members of the club only.

PORT SIMPSON INDIAN BOY DROWNED MONDAY

Charles McKay was Bathing in Sea and Outgoing Tide Took Him Out

The body of Charles McKay, an Indian boy, who was drowned at Port Simpson on Monday, was recovered yesterday. From reports to hand it appears that the deceased, along with two other boys, was bathing in the sea when he got into difficulties. The tide, which was receding at the time, took him out and he was soon overcome. His companions, after witnessing the affair made for their homes but help appeared on the scene too late to be of any avail.

WILSON IS ANGLING

WASHINGTON, Oct. 4. — Friends of former President Woodrow Wilson and prominent Democratic leaders declare he is willing to become a candidate for the presidency in 1924, should he be called. Mr. Wilson has neither confirmed or denied this report, but those in a position to know affirm his health is much improved and that in case of nomination by the Democratic party, he would enter the presidential race.

Harold McEwen, C.N.R. division freight agent, returned from Ocean Falls by the Prince George yesterday afternoon.

Are You on the Social Committee?

MR. AND MRS. STEEN HONORED BY FRIENDS

Surprise Party Organized Last Night on Occasion of Their Wedding Anniversary

A large crowd of their friends organized a surprise party last night in honor of Mr. and Mrs. J. G. Steen, Allin Avenue, Westview, the occasion being their wedding anniversary. The evening was spent delightfully in playing bridge and dancing and just before midnight, after refreshments were served, Rev. Dr. H. R. Grant, on behalf of the company assembled, presented Mr. and Mrs. Steen with a beautiful set of cut glass sherbet glasses. Mr. Steen replied suitably. The prize winners at bridge were Mrs. Olof Hanson and John McRae.

"Mother" Bloor is the well-known socialist leader who helped force the pure food laws through the U.S. congress. She has lately returned from Russia.

The older of the two Terrace boys who appeared before Judge Young this morning on charges of indecently assaulting a little girl was dismissed on account of insufficient evidence while the younger was found guilty and let off on suspended sentence, his father being required to put up a bond for two years guaranteeing his good behavior. One boy was 15 years of age, the other 13 and the little girl was aged six.

Next Thursday Miles Higley, district Governor of Rotary, will be a guest of the local Rotary Club at luncheon. The district governor changes each year and each year he is supposed to visit every club in the district which includes British Columbia, Washington and Oregon. This makes the luncheon next week an annual event and therefore one of unusual importance.

Major R. M. Taylor, provincial government public works district engineer, is expected back by this evening's train from a trip of departmental inspection to the Omineca district.

Here and There

Nearly four thousand men were recruited by the Canadian Pacific Railway agents in England for work in the harvest fields of the Canadian West.

A sudden demand for wheat in Scandinavian markets has caused increased activity in the movement of grain through Vancouver. Four boats left with bulk wheat for ports of Norway and Sweden, marking the first direct grain shipments from the Canadian Pacific coast to Scandinavia.

The rapid increase in the export butter trade of Saskatchewan during the past year or two has been the outstanding feature of the provincial dairy industry. Recently the Saskatchewan Co-operative Creameries made a shipment of 25,000 lbs. of butter to China.

The export of gold bullion, gold coin, and fine gold bars from Canada, except as deemed advisable by the Minister of Finance, and as licensed by him, is prohibited until July 1, 1924, by proclamation issued in the current issue of the Canada Gazette.

Breaking all 1923 passenger traffic records, the Canadian Pacific S.S. "Metagama," westbound from Glasgow via Belfast, docked recently at Quebec, and Montreal the same evening, with a record number of 382 cabin and 1,078 third-class passengers.

"There are hundreds of first class farm workers in Scotland anxious to come to Canada, and the finest material Canada could wish for, but their wages are sufficient to barely support them and they are unable to accumulate funds for the passage." This is the opinion of Thomas Scotland, of the Canadian Pacific Railway Colonization and Development office in Glasgow, who recently arrived in Canada with a party of Scotch immigrants bound for the western provinces.

To J. K. L. Ross, director of the Canadian Pacific Railway, goes the honor of catching the world's record fish with rod and reel. At St. Ann's Bay, N.S., he landed a tuna weighing 712 pounds; length, 9 feet 2 inches; girth, 6 feet. Commander Ross used a Vom Hofe tuna rod and reel, No. 39 thread line, with mackerel for bait. His catch took three and a quarter hours to land.

The world's wheat crop this year is estimated at 3,318,000,000 bushels, as compared with 3,104,000,000 bushels last year, an increase of 214,000,000 bushels, according to figures carefully compiled by the International Institute of Agriculture at Rome. The estimated shipments from supply countries of the world for this year is 690,000,000 bushels, of which Canada is expected to supply 290,000,000 bushels, or about one-third.

Canadian trade with Australia is on the increase, according to returns made public by the Bureau of Statistics. Canadian exports to Australia for the twelve months ending with June were $19,824,239 as compared with $12,200,468 for the corresponding period ending June, 1922. Canada's imports from the Commonwealth have also increased. The imports from Australia for the last twelve months were $1,545,829, as compared with $1,275,871 for the year previous.
