MILITARY TATOO IN LONDON EMPIRE DAY

LONDON, Nov. 19.—It is already decided that Empire Day at the British Empire Exhibition shall be celebrated by a grand Military Tatto, with the largest massed band ever assembled. Bandsmen will be drawn from all the British line regiments, to the number of about 1,000, and with them will be a mounted band, recruited in the same way from the cavalry regiments. For the projected daily concerts, the Exhibition authorities are constructing a bandstand with seating accommodation for 10,000 people. For about six week during July and August a pageant of Empire will be shown daily. In this the Boy Scouts, whose Imperial Jamboree is fixed for the first week of August, will assist.

CHIGAGOFF MINE IS SOLD AND WILL BE OPERATED AT ONCE

JUNEAU, Nov. 19.— George T. Jackson, manager of the Chichagoff Development Company and James L. Freeburn, manager of the Chichagoff Mining Company, left last night for Chichagoff, when the latter will deliver the mine and property to the former company, which recently purchased it.

The Chichagoff Mining Company was owned by W. R. Rust of Tacoma and former Ambassador Hugh C. Wallace and worked for 14 years, during which time it produced approximately ten million dollars in dividends. It is said to have been the richest dividend paying gold mine in America.

Mr. Jackson says the mine will be reopened at once under the new management and will be continued. Already he has began hiring his crews.

BURGLARS ARE ALSO CONFIDENCE MEN WHO LEARN OF SECURITIES

Plans Laid to Stop Operation of Skyscraper Crooks in Chicago and Other Cities

CHICAGO, Nov. 19—The gentleman burglar who operates only in offices located in skyscrapers will have a much harder row to hoe in the future as the result of a real two-fisted plan just inaugurated by the National Association of Building Owners and Managers.

Photographs, description of dress, peculiarities and, in the case of known burglars, measurements, of these men who are known or suspected of belonging to the gang of skyscraper burglars will be sent to every elevator starter and every doorman of every large building in the United States whenever an epidemic of such burglaries presents itself, according to an announcement made at the headquarters of the association today.

The officials of the association are confident that an organized gang of highly talented crooks operate in skyscrapers. They give as the reason for this belief that the skyscraper burglaries come in epidemic form, the latest being prevalent in San Francisco. The system used in the Golden Gate city is precisely the same used in the east, south and middle west cities at various times during the past two years.

The method used, the officers say, is for some well dressed and well educated member of the gang to work his way into the good graces of some high social set. He gains the confidence of numerous men of affairs and learns the probable location of money or securities in these men's offices. He will then learn the time when the securities will probably be in the office, and the job is put through in accordance with this information.

B. W. Barrett, who arrived in the city last week from Alice Arm, is leaving on tonight's train for Terrace.

TONGUE COATED, BAD TASTE IN MOUTH, EYES TINGED WITH YELLOW

Liver Trouble the Cause

Mrs. A. C. Brown, Oromocto, Ont., writes:—"I have been troubled with my liver for a few years back, and was so bad I did not feel able to do my work.

I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning; whites of eyes tinged with yellow, and had a muddy and sallow complexion.

I had read a great deal about Milburn's Laxa-Liver Pills and decided I would try a vial, and after taking two or three I found I was greatly improved, and can truthfully say that I felt more like living and can now do my own work without any trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or will be mailed direct on receipt by The T. Milburn Co., Limited, Toronto, Ont.
