PRINCESS BEATRICE TAKEN OFF SERVICE HERE FOR FORTNIGHT

W. C. Orchard, C.P.R. general agent, announces that, owing to pressure of business on other services, the steamer Princess Beatrice is to be withdrawn for two weeks from the Vancouver-Prince Rupert service, arriving here Saturdays. The Tees will replace the Beatrice for freight service from Vancouver, coming as far as Swanson Bay only. The Beatrice will resume the local service after August 1.

Congestion of business has arisen in the south and the Charmer, the company's best automobile carrier, has been diverted from the Vancouver-Comox run to the Nanaimo run supplementing the Princess Patricia. The Beatrice is temporarily taking the run of the Charmer. All the C.P.R. coast steamers are now in service handling a capacity business.

J. Boddie	17

J. Keefe	15
Ald. Smith	15
H. F. McLeod	13
Joe Flood	13
J. Barnsley	10

R. K. Neill, formerly owner and manager of the Premier mine, Stewart, was a passenger going south from Alaska on the Princess Alice yesterday afternoon. During the past few months Mr. Neill has acquired considerable mining interests on the Alaska coast and he has been there in connection with them for the past several weeks.

MANY SPRINGS THIS SEASON

Rivers Inlet Sockeye Catch Is Best Yet in District Comparatively

Spring salmon fishing has been unusually good this year in northern waters. In the Skeena River most of the fish have been bought by the Balmoral cannery and mild cured for export to United States market. The duty of thirty per cent against this fish has made some of the canners reluctant to handle it, but Balmoral is taking the whole output.

Sockeye conditions have been good this year as the westerly winds have not been strong enough to prevent fishing in Chatham Sound where most of the sockeyes are caught at this time of year. The springs are being taken in the rivers.

There are fewer fishing boats out this season owing to the curtailment in the Japanese licenses. Rivers Inlet is doing unusually well and Skeena River fair while the Naas fishing continues poor.

Very few cohoes are coming yet.

INSPECT PLANE BEFORE FLIGHT

Len Bell's Airship Hazelton Has Plenty of Business Waiting

SMITHERS, July 12.—Captain McLeod, government inspector of planes is in Hazelton for the purpose of inspecting the plane of that name.

Len Bell, the president of the company, states that everything is now in readiness for the initial flight, and with a waiting list of nine men to carry north expects a busy season.

C. Berg and F. Carson of Prince George have now joined those who await the start of flying operations here.

It is the intention to carry but one passenger and his freight on a trip, necessitating nine separate trips from Lake Kathlyn, the new base of flying operations.

Sport Chat

Through the recent fixing up of the dam, the Salt Lakes now present a much more inviting appearance for swimmers than they did earlier in the season when the water was at low level on account of the dam being out. Some further repairs are necessary, however, to the floats and other property of the swimming club is still in a rickety condition due to the fact that funds have been limited. Several generous donations have already been received and more are being invited to carry out the good work.
