

Power!!

That's what you want in your car. Most new cars have it—but many older cars have lost their "pep." How 'bout yours? Whether it's old or new you'll get more power—more pleasure—by filling your crank-case with

SUNOCO

THE DISTILLED OIL

We made exhaustive tests to find the best oil—we couldn't afford to sell any other. Sunoco amazed us in these tests. It will please you. That's why we're telling you about it.

Distillation removes the impurities from Sunoco that usually prevent perfect lubrication. And it's made in six types—one is best for your car.

Ask any of these dealers for booklet—"What's Happening Inside Your Motor?"—and have your crank-case filled today with Sunoco.

Here and There

Each acre of corn grown in Ohio costs on an average 46.26 hours of labor.

Canada is now second on the list as an exporting land, the per capita being \$100.63 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

Half a million Canadians look to the forests each day for their meals and lodging, and more than 100,000 Canadian workmen are engaged in converting forest products into one form or another.

The large party of Hebrideans who were brought to Canada on the Canadian Pacific Steamships "Metagama" and "Marloch" have gone to Red Deer, Alta., where they will form an agricultural colony.

Seven hundred farmers and farm laborers arrived in Canada recently on the Canadian Pacific steamer "Montcalm." These colonists are proceeding to Ontario and western points where they will take up farm work.

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scotland Ship Canal Association, and there is a possibility of something being started in this connection in the near future.

A single pair of potato bugs would, without check, increase to 60,000,000 in one season; the hop aphid, developing thirteen generations in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten sextillions.

Canadian air pilots flew 294,449 miles carrying 9,153 passengers and 77,850 pounds of freight in 1922, according to a report of the Canadian Air Board Saskatchewan pilots led in the Dominion, carrying 3,622 passengers. Manitoba pilots carried 1,622 people, and British Columbia pilots 1,122.

A company has been formed in London to exploit sunken treasure in Navarino Bay, off the west coast of Greece. The promoters state that there is a matter of \$45,000,000 in bullion and other forms still at the bottom of the Bay, where it was sunk with the united fleets of Egypt and Turkey by the united British, French and Russian fleets in 1827.

Last summer 4,000 forest fires cleared away at least ten times as many trees as were cut down for lumber, pulp and paper, and all other industrial purposes. A very large percentage of the fires were caused by careless campers and sportsmen who "thought it would die out" or cast away a lighted match or cigarette end.

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year.

How To SLEEP 3-IN-A-BED

YES, it CAN be done—but not like this.

The trouble is, most people go to bed with "something" on the mind—or ON THE STOMACH!

The answer is, no matter what the day has brought forth to upset your mind and digestive organs, take Beecham's Pills when you retire.

Though in no sense a "sleeping potion," this 80-years-famous household medicine so harmonizes the system that you can sleep in quiet and perfect rest, even in two feet of bed space.

Beecham's Pills are as efficient and harmless for children as for adults—sweetening the stomach, invigorating digestion and stirring liver and bowels to natural activity.

Egypt's Greatest Treasures

Palm and olive oils are the most important treasures ever discovered in ancient Egypt. They were valued more than gold or jewels in Cleopatra's day because of their virtue as beautifying cleansers. Modern women get the same result by using Palmolive Soap. The scientific blend of these rich oriental oils gives the smooth, creamy cosmetic lather of Palmolive.
