# FALL STEAMER SERVICES ON

**C.N.R. Boats Will Drop Thrice-a-Week Schedule This Week —Alaska Boats on Ten Day Schedule**

Fall schedules are coming into effect on various steamship lines operating into this port.

This week will see the end of the Canadian National Railways Coast Steamships' thrice-a-week summer schedule. Next week two boats will sail from here for the south, the Prince Rupert on Monday night and the Prince George Thursday night. After that the regular two sailings a week north and south will go into effect—the Prince Rupert arriving from the South on Saturday, going north to Stewart and returning south Sunday evening and the Prince George arriving from the south on Wednesdays going north to Anyox and returning south Thursay nights. This fall schedule will be effective until the end of the year when the large boats will undergo overhaul leaving one boat a week.

No change has yet been announced in the weekly service performed by the steamers Prince John and Prince Albert to Vancouver, Queen Charlotte Islands, Stewart and the Skeena River. As a result of the conference of passenger agents now in progress at Jasper Park some change may be made but curtailment in the service is not expected.

There will be no change in the present train service or schedule for the time being.

**C.P.R. Service**

The Canadian Pacific Coast Steamship Service is now operating on a ten day schedule to Alaska. The Princess Alice will make one more voyage after the present one and will then be replaced by the Princess Mary which will continue the ten day run until December 1, when the service will revert to fortnightly for the winter.

The Princess Beatrice will continue in the weekly service between here and Vancouver.

Jack Barnsley, Union Steamship Co.'s agent here, states no notice has yet been received as to a change in his company's services. The Venture and Cardena will continue for a while longer at least in the cannery run and Stewart and Anyox service respectively.
