DAILY EDITION

Thornton's Statement Is Reassuring.

Sir Henry Tornton's statement as to when the Canadian 5000; road approach to Terrace National Railways may be expected to take care of themselves bridge to cost \$12,000; and Port without burden to the taxpayers is reassuring. Having estab- Clements-Tel El road to cost lished a reputation of conservatism and stability, Sir Henry's \$20,000. All works to be carried prediction will be accepted with confidence. It is one of the out by day labor. most important and definite statements he has made since he became the head of the system. If it proves to be correct, Sir PREMIER OLIVER WAS the Canadian people recalling him from his office as he suggested yesterday. The attitude of the president with respect to the administration of the system is a firm one and one which will be generally admired by most people. He is tackling his big problems imbued with determination and confidence and already success is making itself apparent.

Important Minister Is Visiting City.

The city of Prince Rupert extends a hearty welcome to appearing in a dollar Panama Hon. Dr. J. H. King on the occasion of his first wish as federal hat. This was in fulfilment of minister of public works. Heading one of the most important his statement that he would igdepartments at Ottawa and having much to do with matters of nore the regulations as to weardevelopment his visit here is timely, especially in view of the ing swallowtail coat, grey spats. fact that influences are now working towards the federal development of Prince Rupert. Many demands and requests have been made of the minister in the south but it is to be hoped that he west tend a sympathetic ear to the claims of this port peared in a dress suit at the state and that he will co-operate with others who are working for it banquet at night. at Ottawa.

This is not Dr. King's first visit here and, as a member of LOCAL EMPLOYMENT the House of Commons from British Columbia, the has doubtless familiarized himself with the situation. His present visit will allow him to make some personal observations, also giving local interests a chance to confer with him. The Board of Trade and the city will have a straightforward case to present and all that will be asked of the minister will be straightforward replies and action with due observance of the good reasons actu- the government employment ser- might make use of knowledge of too greedy. But Toronto has ating any requests made.

Make Responsible Body Of Senate.

In view of recent events and sayings, there are some signs exception of those in Vancouver Saxon state government objected prince Empert's drydock and now that the matter of Senate reform may become a real public ques- and Victoria. The present system of appointing senators makes the SUN SHONE TWENTY_ the Commons-either of the opposition, in which case it may interfere unreasonably with the government's legislation, or of the government, in which case it ceases to perform any of the legitimate functions of a second chamber and becomes a mere registering body.

All modern democracies have fitted themselves with second chambers, elected by the people upon some basis which differentiates them from the popular chamber. These bodies shine was 185 according to the are thus responsible to the people. They have powers, defined by the constitution, which they exercise in the knowledge that they are accountable to the electors. Canada needs a second teorologist. chamber of this type and public opinion would strongly support a definite proposition to this end. The character of this body, were: its functions, the conditions governing its election-these are matters which would call for much careful consideration. But a declaration in support of the principle that the Canadian Senate July 7. should be so modified that its members will be elected by the people and will be responsible to them can be made at any time July 5. to the great political advantage of the party making it. Does any political party care to take advantage of the opening?
