Gossard Corsets

TO LOOK MORE YOUTHFUL.

The modern corset doesn't aim to make us all over, so we look all alike, as the old-fashioned corset did.

It doesn't aim to give us that objectionable corseted look.

It just coaxes, restrains, redistributes us a little — makes us longer waisted, taller and a bit more slender. It gives us that graceful ease of movement which can only come with genuine comfort.

GOSSARD TYPE CORSETRY

insures each of us looking our individual best, always. Our corsetieres can tell you some interesting things about this new beauty aid.

LIVE FISH SHIPPED ACROSS DESERT FOR 125 MILES IN SOUTH

MEXICALI, Lower California, Aug. 1. — Mullet, of which fish there are great schools in the waters of the Gulf of California below the Colorado river delta, are now being transported alive in tank trucks over the interyening 125 miles of arid desert, and reshipped from here by express to the various fish marts of the country. Sea bass, weighing from 125 to 300 pounds, and turtle tipping the scales at from 200 to 500 pounds, are to follow in their season.

Fishermen of wide experience pronounce the Gulf of California on the Lower California side the most prolific in all kinds of fish and shell fish on the entire west coast of the Pacific Ocean.

AMERICAN COLONY IN JAPAN GROWING

Returns Issued in Tokio Show That 2,562 Britishers and 2,549 Americans Live In Country

TOKIO, Aug. 1. — Britishers, who formerly had the largest foreign colony in Japan with the exception of the Chinese, now are being given a close run by the Americans.

Returns just issued show that there are 2,562 Britishers resident in Japan and 2,549 Americans. There has also been an increase in the number of Russians, composed largely of political refugees.

There are just under 30,000 foreigners resident in the islands, of whom nearly 20,000 are Chinese.

RAILWAY PLANNED FOR FUJIYAMA MOUNTAIN

Mountain Climbers of Japan and Visitors Will be Thus Deprived of Thrill and Adventure

TOKIO, Aug. 1. — The famous sacred mountain of Japan, Fujiyama, may eventually be invaded by a railroad. Plans are on foot to build a line to its summit.

If this enterprise is carried out the mountain climbers of Japan and many visitors to the country will be deprived of one of their great thrills and adventures. To come to Japan without at least attempting to climb Fuji is to make the visit only partly complete, while with many Japanese it is a sacred duty to at least once reach the top of the mountain and look down into the wonderful crater.

LONDON'S COAL FIRES MAKE CITY VERY DIRTY

Atmosphere Said to be Smokiest and Most Polluted in World —Soot Floats Overhead

LONDON, Aug. 1. — London's atmosphere is said by experts to be the smokiest and most polluted in the world. At 10 o'clock one day recently 70 tons of soot were floating about the capital. Twenty tons is an average amount for any day in June.

The smoke and soot are due largely to the fact that most homes, offices, factories, and hotels in the capital are heated by the old-fashioned coal fire, which gives off excessive smoke. The Englishman loves his open hearth too much to bother with steam heat or gas and electric appliances.

ANCIENT COINS ARE FOUND NEAR ETNA

Brass Vases and Pieces of Gold Believed to Belong to Period Before Christ

ROME, Aug. 1. — Interesting relics in the form of two large brass vases filled with pieces of gold, and believed by experts to belong to a period 300 or 400 years B.C., have, by order of the government, been removed from Ognina, which is situated at the foot of Mount Etna, to Rome.

The vases were discovered in a fissure in the ground under an old wall, after a slight earthquake, by a deaf and dumb peasant. The news of the find only reached the authorities when the peasant offered the vases for sale to collectors.

CANADIAN PACIFIC BOATS ARE HEAVY TOURIST CARRIERS

W. C. Orchard, C.P.R. city passenger agent, stated this morning that, for the period from June until the end of the present month, eighteen company passenger boats will have travelled from Vancouver to Alaska with an average of 250 passengers to a boat making a total of 4,300 tourist passengers passing through Prince Rupert during the season. Taking the southbound journey into consideration there will have been a total of 8,600 passengers passing through the city between Vancouver and Alaskan points. This traffic is in addition to the regular spring movement into the Yukon when the officials and staffs of the White Pass & Yukon Railway, together with other business men bound north on commercial business, go north in the month of May leaving the summer months for purely tourist travel.
