Political Campaign Opens Here Tonight.

Judging from the political activity of all parties throughout the country it looks as if there might be an election next spring or summer and the meeting tonight will therefore be the first of the campaign on the government side. Not only will the Premier answer charges made by W. J. Bowser and R. H. Pooley but is is understood he will enunciate the policy of the government on most questions of public concern. He has stated that he will do it and for that reason his address to the people of Prince Rupert tonight becomes of great interest, both to those who are supporters of the government and to those who ar opposed to its policy or personnel.

It is announced by those arranging the meeting that there will be only one speaker and he will commence at eight o'clock in order to get the Anyox boat at ten. That means the meet-developed until they are greater not been laid, will be 66'x16'4"x8' ing will commence early and close early. Those who wish to in importance than any other of and will be ready for Capt. Eliasecure a seat should get there in good time as it is very probable a good many may not be able to gain admission to the

One of the most forceful advocates of the road building scheme was Hon. T. D. Pattullo, before he became a minister, and it is understood he has followed it up in his recommendations to the cabinet. He cannot now get out and do so in public owing to the position he holds. It is understood that the matter will be brought to the attention of Premier Oliver while he is here and people tonight will be looking for a definite statement from him as to what is to be done.

HOW TO SLEEP 3-IN-A-BED

VES, it CAN be done -- but not

The trouble is, most people go to bed with "something" on the mind -or ON THE STOMACH

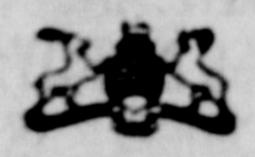

The answer is, no matter what the day has brought forth to up set your mind and digestive or gans, take Beecham's Pills when you retire.

Though in no sense a "eleeping potion," this 80-years-famous household medicine so harmonizes the system that you can sleep in quiet and perfect rest, even in two feet of bed space.

Beecham's Pills are as efficient and harmless for children se for adults—sweetening the stomach, invigorating digestion and stirring liver and bowels to natural activity.
